SECTION ONE: GUIDING PRINCIPLES

1.1 PTA Vision

Making every child's potential a reality.

1.2 PTA Mission

PTA is

- A powerful voice for children,
- A relevant resource for families, schools and communities, and
- A strong advocate for the well-being and education of every child.

The Washington State PTA accomplishes the mission of PTA by:

- Speaking on behalf of children and youth in the schools, in the community and before governmental bodies and other organizations that make decisions affecting children;
- Supporting parents* in developing skills to raise, protect and advocate for their children;
- Encouraging parent*, teacher, student and community involvement;
- Promoting opportunities for positive outcomes for children; and
- Being a financially stable, well-managed organization that promotes diversity, provides quality service, models best practices and values its members and employees.

**Parent may include adults who play an important role in a child's family life since other adults (grandparents, aunts, uncles, or guardians) may carry the primary responsibility for a child's health, welfare, education and safety.*

1.3 PTA Core Values

(conforming edit 12-1-2023)

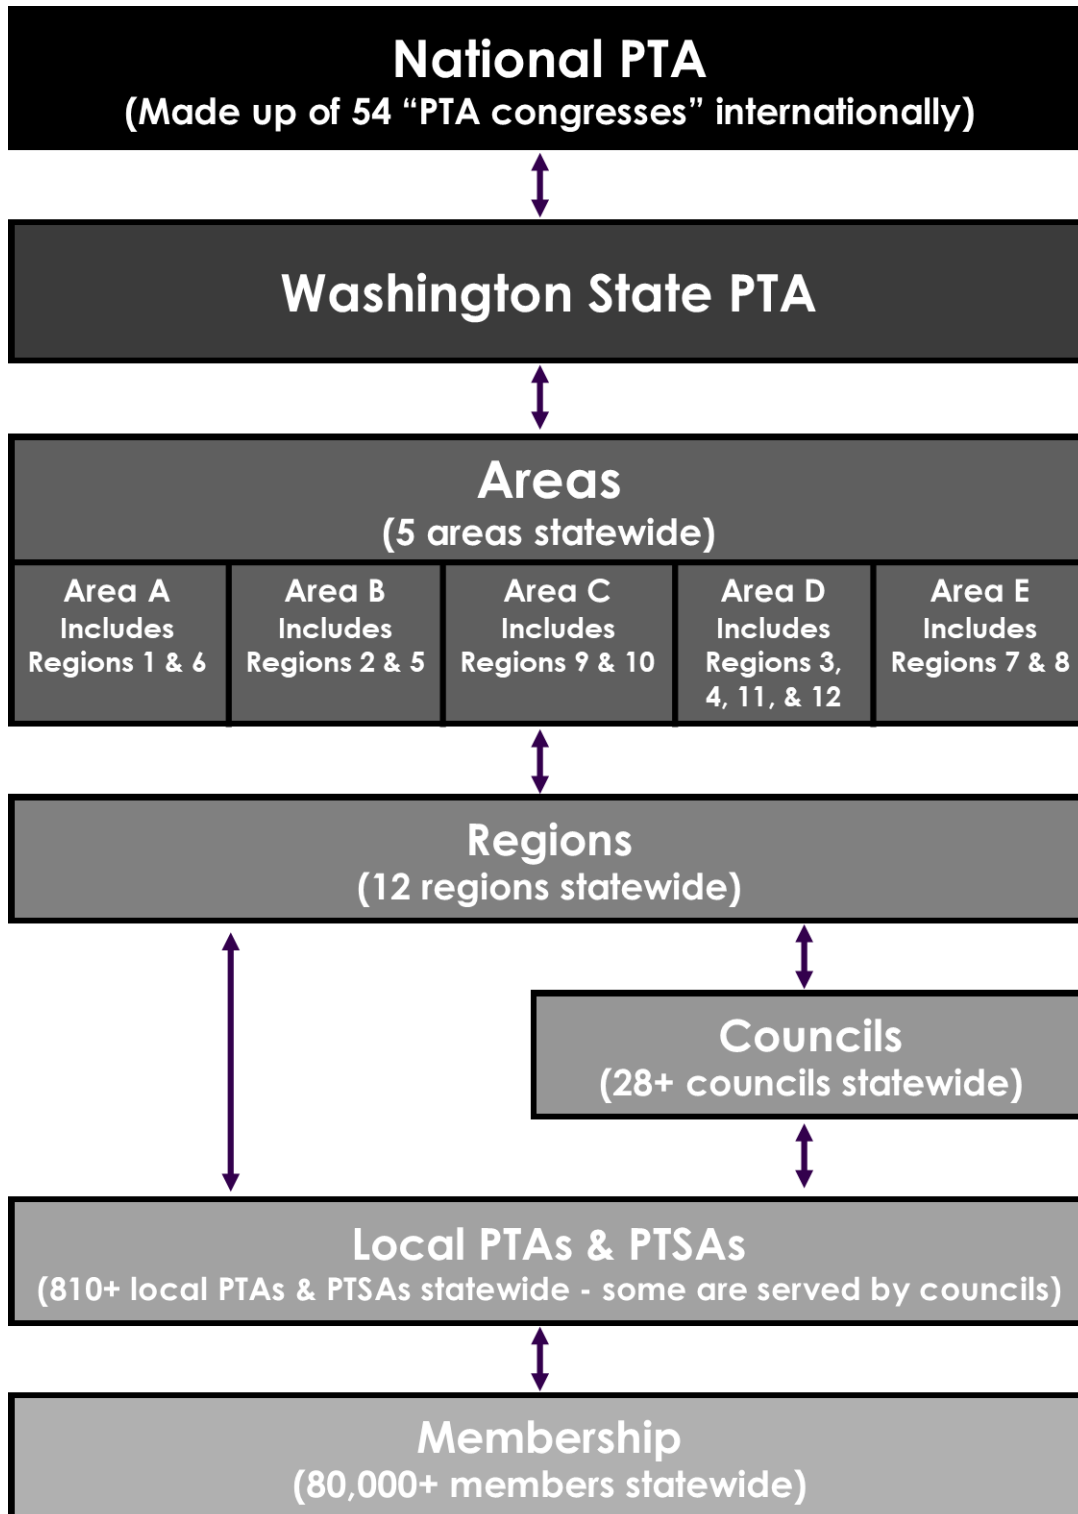

WSPTA maintains a set of core values as the foundation of our service to families. We use the following belief statements in our decision-making protocols, our resource development, our advocacy efforts, and our programs and events:

- By honoring each family's specific living situation and support system, we share in decision-making, so all have an equitable opportunity to advocate for themselves, drive their priorities, and act.
- We create safe space, advocate for, and respect the uniqueness of all students, families, communities, and schools so that historically underserved feel invited, welcomed, and able to participate.
- We reject bias and favoritism to create an empathetic environment that respects the different ways people engage with PTA. We prioritize making our communications,

events, resources, and programs accessible to our communities, regardless of race, culture, gender identity, beliefs, ability, and background.

- We build community through listening and understanding current and historical harms, especially those experienced by Black Indigenous People of Color, LGBTQ+, and families with disabilities, so collectively we design, implement, and evaluate a program that focuses on all families.
- We embrace culture and traditions so that we can intentionally celebrate the diversity of our families and communities.

SECTION TWO: ORGANIZATION STRUCTURE

2.1 National PTA

National PTA policies are located in [Section Eleven](#) of this policy document.

2.2 Washington State PTA

Washington State PTA (WSPTA) is affiliated with National PTA and shall abide by the affiliation agreement as well as the National PTA bylaws and other relevant requirements. The association shall be led by any federal or state requirements, the *WSPTA Uniform Bylaws* as approved by the members, and this policy document.

2.3 Washington State PTA Areas

(conforming edit 10-25-2023)

The state shall be comprised of five designated areas. The governance of the association shall be managed by an area vice president who shall represent the members in that area to the WSPTA board of directors. Policies for areas are located in [Section Four](#) of this policy document.

2.4 Washington State PTA Regions

(conforming edit 10-25-2023; amended by board action 05-15-2021)

The state shall be comprised of twelve regions. Those regions shall be designated into one of the five defined areas. The regions shall be serviced by region directors who shall maximize the service to the region by developing a region service committee that may help local PTAs and councils in their specific region. The area vice presidents shall identify the region directors with approval of the WSPTA executive committee. Region details are located in Article 6 of the *WSPTA Uniform Bylaws* and in [Section Four](#) of this policy document.

2.5 Councils

Councils may be organized under the authority of the WSPTA and consist of local PTAs as identified in [Section Three](#) of this policy document. The functions of a council are to promote the purposes of WSPTA; to provide services, information, support, and leadership training for local PTAs in their area. They promote cooperation among the local PTAs and encourage projects promoting children's health, safety, welfare and/or education in the local PTAs and the community. They are comprised of each local PTA in their designated area. The local PTA, as an entity, not the individual members, comprise the membership of the council.

2.6 Local PTAs

(amended by board action 11-07-2020)

Local PTAs may be chartered by any group interested in furthering the vision, mission and purpose of the National PTA and Washington State PTA. They shall be governed by the *WSPTA Uniform Bylaws* and the policies as laid out in [Section Three](#) of this policy document as well as their own standing rules and policies as approved by their membership.

Non-school-based PTAs may be established to meet the needs of children and families that are not addressed by school-based PTAs. The activities of non-school-based PTAs usually supplement, rather than replace, school-based PTA activities.

2.7 Members

(conforming edit 10-25-2023; amended by board action 06-05-2022)

2.7.1 Admission and rights of members

(amended by board action 03-27-2024)

A member of WSPTA is either a full member or a supporting member.

Any person, without discrimination, who supports the purposes and basic policies of National PTA, Washington State PTA and the local PTA and who has submitted a membership registration form and paid any dues required by the local PTA or received a membership subsidy from a local PTA shall be considered a full member of WSPTA. Full membership shall entitle that person to all rights of membership as outlined in the *WSPTA Uniform Bylaws*, plus benefits, resources, and services as available from WSPTA and National PTA.

An individual who supports the purposes and basic policies of National PTA and WSPTA may be a supporting member of WSPTA by paying dues directly to WSPTA. The annual dues for a supporting membership shall be set at \$25. A supporting member has none of the rights of WSPTA membership except as specified in the *WSPTA Uniform Bylaws* and may receive other benefits as prescribed by WSPTA policy.

2.7.2 Termination of membership and reinstatement

(added by board action 03-27-2024/bylaws amendment effective 07-01-2024)

A. Termination of membership by a local PTA

Under the *WSPTA Uniform Bylaws*, an individual's membership may be terminated for conduct that may damage the value and goodwill associated with WSPTA, or violates the purposes, policies, or bylaws of WSPTA or a constituent association.

The request to investigate whether an individual member's behavior warrants the termination of membership may come from any member of a local PTA to that local PTA's executive committee. The request must be in writing and include the reason an investigation should be initiated.

Process

1. To ensure that the accused member receives a fair and impartial investigation, the local PTA's executive committee shall inform the accused member of the request to initiate an investigation in writing. The local PTA's executive committee will also provide in writing the process to be followed to the accused member as well as the member initiating the request (complainant).

2. Termination of membership is not a step to be taken lightly and should always be the last resort. Local PTAs facing this situation are strongly encouraged to reach out for support. Prior to the decision to move forward all efforts will be made to resolve the conflict, including allowing the accused member the opportunity to rectify the situation. Assistance may be requested from your council and/or region director. Should conflict resolution efforts fail, the local PTA should continue through the remaining steps in the investigation process.
3. At any time, the accused may choose to voluntarily relinquish current and future membership in that local PTA to the local PTA executive committee. The relinquishment of membership must be in writing. If a member voluntarily relinquishes their membership, the local PTA should inform WSPTA staff in writing within 5 business days.
4. If conflict resolution is unable to solve the situation, an Investigating Committee will be formed. The president of the local PTA will appoint one impartial member of the local PTA's board of directors (which may not be the person who made the request for investigation) and will request from the WSPTA President two state level PTA leaders to serve on the committee.
5. The Investigating Committee must maintain strict confidentiality during the investigation.
6. The Investigating Committee will review the complaint and make a preliminary determination as to whether the alleged conduct meets the standard for termination as set forth in the *WSPTA Uniform Bylaws*.
7. The Investigating Committee may request additional information from the complainant, from the accused member, and from witnesses, as needed.
8. A two-thirds vote of the Investigating Committee is required to forward the complaint to the full board of the local PTA for consideration. If the Investigating Committee determines that no further action is warranted, it will inform both the complainant and the accused member.
9. If the Investigating Committee determines that the full board of directors of the local PTA should consider the request to terminate membership, the following process will be followed:
 - The Investigating Committee shall notify the local PTA board of directors in writing that it is submitting a request to consider a possible termination of membership, including specific charges. Upon referral of charges to the board, the rights of membership – and the authority, rights, and duties if the accused is an officer, board member, or committee chair - are suspended, pending the outcome. The accused member will be notified in writing within 3 business days of the request to consider possible termination, including specific charges. The complainant will be notified in writing within 3 business days of the request to consider possible termination.
 - The local PTA board of directors will schedule an opportunity for the accused member to attend the next regularly scheduled or specially called board of directors meeting, which may be held through electronic means, if allowed in the local PTA's

standing rules. The accused member shall be notified of the meeting at least 10 calendar days prior to the meeting.

- The Investigating Committee and the accused member will each be given up to thirty minutes to present their case in executive session.
- If the accused member fails to appear at the appointed time, the hearing will proceed without them.
- Following presentation of the case, the accused member must leave the room during board deliberations.
- In accordance with the *WSPTA Uniform Bylaws*, the individual's membership may be terminated, effective immediately, by a two-thirds vote of the local PTA board of directors for conduct that may damage the value and good will associated with WSPTA or which violates the purposes, policy, or bylaws of WSPTA or a constituent association.
- Since membership is a requirement to hold office, termination of membership will result in removal from office, if the accused is an officer, board member or committee chair of that PTA.
- An individual whose membership has been terminated by a local PTA is ineligible to join that PTA in the future.
- The accused member and the complainant will be notified of the local PTA board of director's decision as soon as practical.

10. If the local PTA board of directors has voted to terminate the membership, they must notify WSPTA staff in writing within 5 business days of the procedure followed, the decision, whether they are requesting WSPTA to terminate the membership statewide under subsection B of this policy, and then follow guidance from WSPTA on further steps.

11. The state level members of the Investigating Committee can help the local PTA board of directors with messaging regarding the process and outcome of the membership termination.

12. A local PTA's standing rules may allow for a reinstatement of membership process.

B. Termination of membership by WSPTA

The initiation of a request for WSPTA to terminate a membership statewide can come from two sources – from the WSPTA board of directors or at the request of a local PTA board of directors where the individual is a member.

1. **WSPTA Board of Directors Initiated Removal Requests:** The board of directors may, on its own initiative, consider the termination of a membership in WSPTA.
2. **Local PTA Initiated Removal Requests:** A local PTA board may forward a request to WSPTA to terminate an individual's membership statewide. Before submitting a request to WSPTA, the local PTA board of directors must follow the procedure outlined in policy

section 2.7.2 A. Making a request to WSPTA to terminate membership must be made in writing, including the minutes of the meeting at which the membership was terminated, the contact information of the member being accused, the contact information of the local PTA board of directors, and the substance of the violation that is deemed appropriate for membership termination per the WSPTA Uniform Bylaws. Requests should be sent to WSPTA staff and the WSPTA President.

Process

1. When a WSPTA board member or local PTA board of directors requests a termination of membership, the WSPTA president will appoint three board members to the Investigating Committee. If a WSPTA board member made the request for investigation, they may not serve on the committee.
2. The Investigating Committee must maintain strict confidentiality during the investigation.
3. The Investigating Committee will review the complaint and make a preliminary determination as to whether the alleged conduct meets the standard for termination as set forth in the *WSPTA Uniform Bylaws*.
4. The Investigating Committee may request additional information from the WSPTA board member, the local PTA initiating the request, the accused member, and witnesses, as needed. If the Investigating Committee determines that no further action is warranted, it shall inform both the complainant and the accused member.
5. If the Investigating Committee determines by a two-thirds vote that the entire WSPTA Board of Directors should consider the request to terminate membership, the following process will be followed:
 - The Investigating Committee shall notify the WSPTA board of directors that it is submitting a request to consider a possible termination of membership. The accused member will be notified in writing within 3 business days of the request to consider possible termination, including specific charges. The complainant will be notified in writing within 3 business days of the request to consider possible termination. If the request came from a WSPTA board member and not a local PTA board of directors, upon referral of charges to the WSPTA board of directors, the rights of membership – and the authority, rights, and duties if the accused is an officer, board member, or committee chair - are suspended, pending the outcome.
 - The WSPTA board of directors will schedule an opportunity for the accused member to attend the next regularly scheduled or specially called board of directors meeting, which may be held through electronic means. The accused member shall be notified of the meeting at least 10 calendar days prior to the meeting.
 - The Investigating Committee and the accused member will each be given up to thirty minutes to present their case in executive session.
 - Following presentation of the case, the accused member must leave the room during board deliberations.

- In accordance with the *WSPTA Uniform Bylaws*, the individual's membership may be terminated, effective immediately, by a two-thirds vote of the WSPTA board of directors for conduct that may damage the value and good will associated with WSPTA or which violates the purposes, policy, or bylaws of WSPTA or a constituent association. An individual whose membership was terminated by WSPTA will be ineligible for membership in any local PTA in Washington, or as a supporting member of WSPTA, unless membership is reinstated.
- Since membership is a requirement to hold office, termination of membership will result in removal from all offices held, if the accused is an officer or board member of local PTA(s) or a council.
- The accused member and the complainant will be notified of the WSPTA board of directors' decision within 5 business days. There will be no appeal process for a WSPTA board of directors' decision on termination of membership.
- If the WSPTA board of directors has voted to terminate the membership, WSPTA will inform National PTA of the procedure followed and decision, then follow guidance from National PTA on further steps.

C. Reinstatement of membership

An individual whose membership has been terminated by WSPTA may petition the WSPTA board of directors for reinstatement, after a five-year period. The WSPTA board of directors will provide an opportunity for the individual to attend the next regularly scheduled board of directors meeting, which may be held through electronic means. The individual shall be notified of the meeting at least 10 calendar days prior to the meeting. The individual shall be given up to 15 minutes to present their case in executive session. A two-thirds vote of the WSPTA board of directors is necessary to reinstate the individual's ability to join as a full or supporting member.

SECTION THREE: LOCAL PTAS AND COUNCILS

(amended by board action 05-15-2021)

A local PTA or council affiliated with WSPTA promotes the purposes of the National PTA, upholds WSPTA Policy and operates according to the *WSPTA Uniform Bylaws* as voted on by the members.

The bylaws detail what a PTA is required to do and policy further details how those requirements shall be accomplished. Furthermore, the standing rules of the local PTA or council lay out the specific information and business practices that represent the culture and needs of that particular PTA.

This WSPTA policy section covers requirements for local PTAs and councils in their business practices. Where appropriate there shall be references to training materials or other sections of this policy document for further information.

3.1 Standards of Affiliation / Good Standing

(amended by board action 11-04-2023; amended by board action 05-15-2021)

The Standards of Affiliation (SOA) agreement is in place to ensure local PTAs and councils align with WSPTA’s ethics, policies, and principles; maintain good business practices; and comply with applicable federal and state laws. Effective, well-run PTAs and councils are vital to fulfilling PTA’s purpose and mission.

The requirements in the SOA agreement reaffirm the initial commitment of the community to affiliate with Washington State and National PTA made during the charter process of the local PTA or council.

A local PTA or council in good standing is one which meets the criteria in the SOA agreement adopted by the WSPTA board of directors. Certain services, support, programs, or grants require a local PTA or council to be in good standing.

The SOA documentation is located on the WSPTA website.

Each individual officer shall maintain proof of the training that he/she attended. The local PTA or council may develop its own system for maintaining records and proof of training for its officers.

3.1.4 Standards of Affiliation Review and Escalation

(amended by board action 02-16-2022, prev. amended by board action 05-15-2021, 07-17-2020, 08-04-2019, 10/14/2022)

SOA agreement requirements are subject to review at any time at the discretion of the WSPTA executive committee. A limited review may include items on the SOA that may be verified independently, including but not limited to:

1. Corporate renewal filed
2. IRS Form 990 filed
3. Officer names and contact information
4. 25-member minimum

PTAs who are selected for a complete review shall show the WSPTA representative designated by the executive committee documentation showing compliance with SOA requirements within 30 days of the written request.

When a limited or complete review shows that a local PTA or council is not in good standing, the phases of support and escalation may include one or more of the following:

1. Notification phase – WSPTA notifies the contact(s) of record at a local PTA or council which standards have not been completed. They are given 30 days to come into compliance.
2. Intervention phase - If compliance is not met within 30 days, support is assigned to help the local PTA or council achieve compliance within an additional 30 days (60 days from initial notification).
3. Reinstatement phase – WSPTA support may work with the WSPTA growth and development committee to implement a support plan to reinstate good standing within one year of the local PTA or council not being in good standing. This may include applying for an extreme circumstances waiver or working directly with membership.
4. Restructuring phase - local PTAs -- A local PTA with fewer than 25 members and no approved extreme circumstances waiver may return to good standing during the second year in which they are not in good standing by engaging with WSPTA and committing to the growth and development committee's reinstatement process by the end of October. Good standing may be restored once all outstanding WSPTA invoices are paid, 25 members are entered in the WSPTA database, legal filings are up-to-date, and a new contract of affiliation is signed by the PTA's elected officers. A local PTA in its second year not in good standing may have service suspended if they do not engage with WSPTA and commit to support by requesting a hardship waiver. PTAs who have had their service suspended may be disaffiliated by the board of directors after January 1. At least 30 days' notice must be sent to the contact(s) of record for a PTA and at least one school or district administrator prior to disaffiliation action by the board.
5. Restructuring Phase – councils – When a limited or full SOA review determines that good standing was not restored in the reinstatement phase, a council may work with the growth and development committee and local support to develop a plan to restructure the council. A council restructuring plan shall be agreed to in writing by council officers and approved by the executive committee. A council in its second year not in good standing may have some or all WSPTA services suspended, pending the creation of a written restructuring plan. Good standing may be restored once the work items listed in the restructuring plan have been completed, and a new contract of affiliation is signed by council officers. Councils who have their service suspended and who do not undertake a restructuring process may be disaffiliated by the board of directors. At least 30 days' notice must be sent to the contact(s) of record for a PTA and at least one school or district administrator prior to disaffiliation action by the board.

6. Administrative disaffiliation – A local PTA with fewer than 25 members and no approved waiver for two fiscal years shall be administratively disaffiliated at the close of the second fiscal year, in accordance with WSPTA Uniform Bylaws, Article 3, Section 2A. At least 30 days’ notice shall be sent to the contact(s) of record for a PTA and at least one school or district administrator prior to administrative disaffiliation.

7. Disaffiliation by the board – A local PTA or council may be disaffiliated by the board of directors following its second year not in good standing, provided they have not been administratively disaffiliated due to membership issues. This may happen when a limited or full review show a PTA is not in good standing, and when there is not adequate progress toward good standing or good-faith engagement in support processes. At least 30 days’ notice shall be sent to the contact(s) of record for a PTA and at least one school or district administrator, prior to consideration of disaffiliation action by the board.

3.2 Local PTA Membership

3.2.1 Enrollment

(amended by board action 05-15-2021; prev. amended 03-13-2021)

Each local PTA shall conduct an annual enrollment of members but may admit persons to membership at any time. All members are entitled to the rights of membership as outlined in the *WSPTA Uniform Bylaws*, plus discounts resources, and services as available from WSPTA and National PTA. Discounts may be found on the WSPTA website and are listed in WSPTA communications to leaders and members.

3.2.2 Membership Database

(amended by board action 06-06-2024, previously amended 08-07-2022, 03-13-2021; 08-04-2019)

Each local PTA shall be given access to the WSPTA membership database (‘database’). All local PTAs are required to use the database to record their current fiscal year members within 30 days, in accordance with state consumer protection laws, state and federal nonprofit laws and federal regulations. Local PTAs are responsible for paying dues reflecting the number of registered memberships once a month.

Any dues collected or subsidized shall be submitted to WSPTA by the deadlines established and detailed in [Section 3.3](#) of this policy document.

Training materials and resources for the database may be found online, and at conferences and workshops. Technical support is provided by the database provider, and limited support may be received by contacting the WSPTA office.

3.2.3 Membership Lists

Each local PTA shall have access to its membership list, which may only be used for PTA purposes. These lists shall not be shared across PTAs and shall not be released to outside interests.

3.2.4 Membership Subsidies and Gifts

(amended by board action 11-07-2020)

A local PTA may offer full or partial membership subsidies to persons requesting them and must create written procedures and internal controls documenting subsidy criteria for any such program. Membership subsidies may be funded through restricted donations and/or through general funds designated by the local PTA for this purpose. Unused funds in the membership subsidy budget line items carry over year to year but may only be used to subsidize the cost of PTA memberships.

Individuals may gift memberships on behalf of specific other individuals by directly paying for their membership dues.

3.2.5 WSPTA Membership Awards

Some membership awards are determined by enrolled or paid membership numbers by dates determined by the WSPTA membership committee and do not require an application. Other membership awards, also determined by the WSPTA membership committee, do require an application process. Details are in the awards section of the WSPTA website and in the *WSPTA Membership Handbook*.

3.2.6 Membership Waivers

(conforming edit 10-25-2023; previously amended 02-16-2022, 10-30-2021, 05-15-2021, 11-07-2020)

WSPTA Uniform Bylaws: 25 or more members are required to organize or continue as a local PTA.

WSPTA Standards of Affiliation Agreement: Every local PTA must have a minimum of 25 members by October 31.

If a local PTA is unable to enroll 25 members by the end of October, it may request a waiver from the WSPTA executive committee. A local PTA may request a waiver to the 25-member requirement under the following circumstances:

1. An extreme circumstances waiver may be given when there is a challenging situation that prevents a local PTA from making a good faith effort to enroll members. After January 1, the WSPTA office will send an extreme circumstances waiver form to all officers of a local PTA that has not enrolled 25 members. Extreme circumstances waivers may not be granted to the same local PTA more than two consecutive fiscal years.
2. A hardship waiver may be given to a PTA experiencing temporary hardship, with respect

to enrolling members, for the purpose of reinstating the PTA. After November 1, the WSPTA office will send a hardship waiver form to all PTAs without 25 members for the second consecutive year, who do not have an existing waiver. PTAs granted a hardship waiver shall engage with the growth and development reinstatement process and work with assigned support to implement a membership plan. Hardship waivers may not be granted more than one consecutive year.

Special circumstances may arise where a local PTA can work with the WSPTA executive committee for approval.

The WSPTA secretary is responsible for sending all waiver requests to the executive committee for consideration. The WSPTA secretary will let the local PTA know if their waiver application was approved or denied and copy the Growth and Development committee chair, region director, area VP and WSPTA staff. Area vice presidents have the responsibility to assist and ensure that the region directors are actively working to help local PTAs meet all membership requirements. Region directors have the responsibility to work with region service committees and council officers to assist local PTAs in meeting all membership requirements, including having the required 25 members or submitting a completed membership waiver for extreme circumstances. Failure by any local PTA to register at least 25 members in the membership database or have an approved waiver by the deadline established shall result in that local PTA being declared “not in good standing”.

3.3 Membership Dues and Council Fees

(amended by board action 03-13-2021)

3.3.1 Local PTA Membership Dues

(amended by board action 03-13-2021; conforming edit 10-25-2023)

WSPTA per capita membership dues shall be five dollars and seventy-five cents, and the National PTA per capita membership dues is two dollars and twenty-five cents. Increases to WSPTA membership dues shall be determined by the voting delegates during the annual meeting. National PTA assessment increases shall be automatic according to changes made by National PTA.

Local PTA membership dues shall be listed in the local PTA standing rules, either as a specific amount or an “up to \$x” statement. The amount shall be at least the cost of the National PTA dues and WSPTA dues. The membership shall approve the current amount each year as part of approving the standing rules. Membership subsidies, if allowed, shall be listed in the local PTA standing rules.

Local PTAs within the designated area of a council shall pay any council fees as stipulated in the council’s standing rules. Per-member council fees may be charged as part of local PTA membership dues or may be paid from general funds.

3.3.2 Local PTA Invoices or Membership Dues Collection

(amended by board action 08-04-2019)

Dues collected during online member registration through the database shall be transferred electronically to the bank account established in the database by the local PTA. Each local PTA must have a bank account established in the database to receive these funds.

After the end of each month, if there is a balance due, the database shall generate and send to each PTA an electronic invoice for WSPTA and National PTA membership dues.

Payment shall automatically be made in full via ACH through the database on the due date shown on the invoice. WSPTA and each local PTA must have a bank account associated with the database ACH system for processing dues payments.

3.4 Council

3.4.1 Functions of a Council

The functions of a council are to promote the purposes of WSPTA; to provide services, information, support, and leadership training for local PTAs in their area. They promote cooperation among the local PTAs and encourage projects promoting children's health, safety, welfare and/or education in the local PTAs and the community. Councils are comprised of each local PTA in their designated area as defined by their charter. The local PTA, as an entity, not the individual members, comprise the membership of the council. Councils are typically organized around a school district. However, other local PTAs may become members of councils with mutual consent.

3.4.2 Mutual Consent Agreement

The discussion to enter into a mutual consent agreement may be initiated by a council or by a local PTA outside of the council's designated area. If both parties (local PTA and council) agree that there would be a benefit to including the local PTA as a member of the council, then a more formalized agreement shall be created by the council. Each party shall take the agreement to its membership for a vote to approve the mutual consent agreement. The vote shall be recorded in the meeting minutes and the agreement shall be signed by two officers.

The agreement should cover such things as what the council fees are, length of term, the services and resources available to the local PTA and any other requirements as a member of the council. Upon completion of the written agreement, a copy of the agreement, along with a copy of the local PTA meeting minutes, shall be forwarded to the WSPTA office where the change shall be recorded in the database and council fees shall be managed in the same way as all other member PTAs of the council.

3.4.3 Council Fees

(amended by board action 06-06-2024; previously amended 08-05-2019)

Councils may charge affiliated local PTAs council service fees on a per-member and/or a flat fee basis as agreed to by the council membership.

Payments to councils shall be made by a secured credit card or debit card transaction in the council's storefront through the database or by check mailed/given directly to the council. Councils shall be responsible for invoicing their local PTAs the amount of fee owed to them on a monthly basis.

3.4.4 Membership Lists

Councils shall have access to the list of officers for each local PTA within their designated area as submitted by the local PTAs. These lists may only be used for PTA purposes and shall not be shared across PTAs, nor shall they be released to outside interests.

3.4.5 Reflections Program

Councils shall offer a Reflections program for their member local PTAs. Details are located in the *WSPTA Reflections Handbook*.

3.4.6 Council Trainings

(amended by board action 08-08-2021)

Councils are encouraged to provide appropriate training for the local PTA leaders and members in their area. Region directors are responsible for submitting events on behalf of councils that desire to use WSPTA approved training and/or statewide marketing. Refer to policy [section 6.13.2](#). No fee may be charged for attending the presentation, though the council may choose to charge attendees for food.

3.5 Board Duties

(amended by board action 03-27-2024)

As officers and board members of a nonprofit corporation, it is essential that each member understands the laws and regulations associated with operating a business. The Revised Code of Washington (RCW) Chapter 24.03A, Washington Nonprofit Corporation Act, details the requirements of officers and board members for the management of the association including the duties of loyalty, obedience, and care. More details may be found in the *PTA and the Law Handbook* as well as the *WSPTA Uniform Bylaws*. WSPTA offers a variety of resources and training to assist officers and board members.

3.6 Membership and Board Meetings

(added by board action 03-27-2024)

Local PTA membership and board meetings shall be held as needed and as required by state nonprofit law. Meetings may be any combination of in-person, virtual, or hybrid, as allowed in the local PTA or council standing rules.

If holding virtual and/or hybrid meetings, procedures for conducting voting, including electronic voting, must be included in the standing rules or in a policy. Procedures must allow for all participants to hear one another and participate fully. Voting during meetings must be conducted simultaneously and in the same way, whether participants are in-person or virtual. Best practices for virtual and hybrid meetings are located on the WSPTA website and as **Appendix P** of this policy document.

Adoption and amendment of the budget, adoption and amendment of the standing rules, election of the nominating committee, election of officers, and acceptance of all financial reviews will take place at a membership meeting.

3.7 Membership Voting

(added by board action 03-27-2024)

Full members of a Local PTA who have paid any required dues or who have received a membership subsidy for the current membership year shall be entitled to voice and one vote on each matter in the business of the local PTA.

Representatives from local PTAs whose council fees are not paid may not participate in the business or activities of the council.

Voting by mail or electronic transmission is only allowed as stated in the *WSPTA Uniform Bylaws*, Article 5, Section 4. The standing rules of the local PTA or council may provide for this process. Guidelines on how to conduct electronic voting are located on the WSPTA website and as **Appendix N** of this policy document.

3.8 Voting Delegates

(added by board action 03-27-2024)

Local PTAs –

- The local PTA standing rules should establish how a PTA member may be selected to serve as a voting delegate for state level events such as the WSPTA annual meeting.
- For local PTAs in good standing, the number of voting delegates for the WSPTA annual meeting shall be determined by membership enrolled and paid at the end of January (see *WSPTA Uniform Bylaws*, Article 10, Section 2). The number of voting delegates for legislative assembly is determined by the number of members enrolled and paid by the end of the previous fiscal year (see *WSPTA Uniform Bylaws*, Article 9, Section 2).

Councils –

- The council’s standing rules should establish how a PTA member of the council may be selected to serve as a voting delegate for state level events such as the WSPTA annual meeting.
- Each council in good standing shall be entitled to have four voting delegates at the annual meeting (see *WSPTA Uniform Bylaws*, Article 10, Section 2) and four voting delegates at the legislative assembly (see *WSPTA Uniform Bylaws*, Article 9, Section 2).

3.9 Elections

3.9.1 Nominating Committee

(conforming edit 06-13-2024, 10-25-2023)

The nominating committee for a local PTA or council shall be elected by the membership.

The nominating committee members may be declared elected if there are no more than three nominees and by ballot if there are four or more nominees. A plurality vote shall elect. The designated number of candidates receiving the highest number of votes shall be declared the nominating committee. The committee shall select its chair at its first meeting. If there are more than three nominees, the remaining candidates may serve as alternates on the nominating committee if a vacancy should occur. These shall be named in order of the number of votes received.

Further details are located in the *WSPTA Uniform Bylaws* as well as in the leadership resources portion of the WSPTA website in the *WSPTA Nominating Committee & Elections Handbook*.

3.9.2 Election of Officers

Names and contact information of the elected officers of a local PTA or council shall be sent to the WSPTA office preferably after the election is completed but no later than July 1. Other requirements are listed in the *WSPTA Uniform Bylaws*.

The standing rules of a local PTA or council should establish guidelines for when the election of officers shall take place.

Refer to the *WSPTA Uniform Bylaws* for additional information.

3.9.3 Resignation of Officer

(amended by board action 01-30-2021)

If an officer wishes to resign from office, notice in writing shall be submitted to the secretary of that local PTA or council. If the secretary is not available, it shall be submitted to the president or another member of the executive committee. It is acceptable for the resignation to be given verbally as a meeting of the executive committee; in this case, the resignation shall be recorded in the minutes. The resignation becomes official when it is accepted by the executive committee. Since the acceptance of a resignation is a motion, it shall be recorded in the

minutes. Once the resignation is accepted by the executive committee, it cannot be withdrawn or rescinded. Refer to the *WSPTA Uniform Bylaws*, Article 5, Section 6I, for the process of filling a vacancy in the office of a local PTA or council.

3.9.4 Best Practices for Officer Removal

(conforming edit 10-25-2023)

Per the *WSPTA Uniform Bylaws* Article 5, Section 6J: “An officer of a local PTA or council may be removed from office, with or without cause, by a two-thirds vote of the membership present at a regularly scheduled meeting or at a special membership meeting called for such purpose.”

Removing an elected officer is not a step to be taken lightly. Local PTAs and councils facing this situation are encouraged to reach out to their region leadership for support and to follow the recommended best practices for officer removal:

1. Prior to the decision to call for the removal of an officer the following items should be addressed:
 - **Conflict** - All efforts shall be made to resolve conflict, including requesting assistance from your council and/or region director.
 - **Failure to fulfill duties** - All efforts shall be made to support the struggling officer and allow them the opportunity to adequately fulfill the duties of their elected position, including requesting assistance from your council and/or region director
2. If the above efforts fail, a conversation with the officer should occur offering them the opportunity to resign their position. Your council and/or region director can assist with this conversation as needed.
3. If the officer chooses not to resign, the board of directors should hold a board meeting to determine if they recommend the membership consider the removal of the elected officer. The officer may attend this board meeting and has the same speaking privileges as any other board member. This board vote must be recorded in the board meeting minutes. The officer should be notified in writing of the board’s decision and given another opportunity to resign prior to the membership meeting. The officer may attend the membership meeting and has the same speaking privileges as any other PTA/PTSA member.
4. Proper meeting notice shall be given:
 - **Regularly scheduled membership meeting** - requires ten-day notice with the issue of possible officer removal specified in the meeting agenda and sent in advance to the membership; or
 - **Special membership meeting for such purpose** - requires ten-day notice with the purpose of the meeting (possible officer removal) stated in the meeting notice.

5. At the meeting, the following process should be followed when the agenda item is on the floor for discussion:
- The president shall be the presiding officer of this part of the membership meeting unless they are the officer the membership is being asked to consider removing from office. In that case, the vice president (or other designated officer) shall be the presiding officer of this part of the meeting.
 - The presiding officer should state that per *“Robert’s Rules of Order – Newly Revised”*, this part of the membership meeting should be conducted in executive session, meaning that only PTA members should be part of the executive session. Non-members may join the PTA/PTSA before the executive session begins if they wish to participate. All non- members should be excused from the membership meeting while in executive session. Non-members may return to the membership meeting after executive session is ended.
 - The presiding officer should read *WSPTA Uniform Bylaws* Article 5, Section 6 (J) to the membership and state that this process will be followed because the *WSPTA Uniform Bylaws*, *WSPTA* Articles of Incorporation, *WSPTA* Policy, and the Washington Nonprofit Corporation Act supersede *“Robert’s Rules of Order – Newly Revised”* per *WSPTA Uniform Bylaws*, Article 13.
 - The presiding officer should state that the officer has the same speaking privileges as any other member.
 - The presiding officer should have copies of all applicable documents including the *WSPTA Uniform Bylaws*, *WSPTA* Policy Section 3 (Local PTAs and Councils), their local PTA standing rules, and *“Robert’s Rules of Order – Newly Revised”*. The presiding officer should share the process for a motion as indicated in *“Robert’s Rules of Order – Newly Revised”* with the membership.
 - The motion to remove the officer should be made by a designated board member. A sample motion for this purpose would be “By direction of the board of directors, I move that the currently elected secretary for the 20XX-XX term be removed from office.” or “By direction of the board of directors, I move that Jane Doe, the currently elected secretary, be removed from office.”
 - The presiding officer should ask for a second. The presiding officer repeats the motion, which formally places the matter before the membership. The presiding officer would then ask the person who made the motion if they wish to speak to the motion or share their rationale.
 - The opportunity for debate should be given. Use of a speaker’s list is recommended.

- As per “*Robert’s Rules of Order — Newly Revised*”:
 - Each person may only speak twice on the topic and may only speak the second time after all others have had an opportunity to speak.
 - Each speaker is limited to a total of 10 minutes unless the membership present at the meeting agrees to a shorter limit.
 - Someone may make a motion to end debate, to limit debate or to limit the amount of time each person may speak. This motion does require a second, is not debatable, and requires a 2/3 majority vote.
 - Once debate is finished, the chair should take the vote. A ballot vote is recommended or may be ordered by the members.
 - A tellers committee, appointed by the presiding officer and approved by the members, counts the ballots to be recorded in the meeting minutes. Discussion during debate is not recorded in the meeting minutes. Only main motions, the fact that there was debate, and the result of any votes would be recorded in the minutes.
 - Once membership has voted and a decision is made, there should not be further debate or discussion. The presiding officer should proceed in a professional manner that respects confidentiality and the people involved in the situation, and which avoids all gossip, rumor, and innuendo regarding this action. Members should be reminded that all discussion held in executive session is confidential.
 - If the motion passes, the removal becomes effective immediately.
 - If the motion does not pass, the executive session ends, and non-members may return to the membership meeting for any other business.
6. After the meeting:
- Information must be communicated delicately and tactfully to the membership. Any questions should be referred to the president/acting president.
 - The local PTA or council should follow the process for filling a vacancy listed in the *WSPTA Uniform Bylaws*, Article 5, Section 6.
 - A council leader or region director can assist with the various items that may need to be taken care of, depending on the position of the individual that has been removed from office. Each situation may be slightly different.

3.10 Financial Reviews

(amended by board action 03-27-2024)

Each member of a local PTA or council board of directors has the fiduciary responsibility to make sure a financial review is performed at the end of the PTA fiscal year. The treasurer shall close the books by June 30 and submit the books and records for financial review to a financial review committee or a qualified accountant by July 31. The best practice is for the year-end financial review to be completed by August 31. A mid-year financial review is recommended as a PTA best practice.

The financial review committee shall consist of no fewer than three members appointed by the president.

The financial review committee shall not include officers with signatory authority or individuals living within the same household as those authorized to sign on the bank account for the period being reviewed.

Further information about financial reviews may be found in the *Managing Your Nonprofit PTA Handbook*.

Following the completion of a financial review(s):

1. Each board member should receive a copy of the financial review, with the secretary receiving the original to attach to the meeting minutes.
2. The board of directors should determine which recommendations to implement, and these actions should be recorded in the meeting minutes.
3. The treasurer shall make any necessary corrections and apprise the board as corrections and actions are completed.
4. The results of the financial review shall be presented and accepted during a membership meeting. The secretary shall record the acceptance of the financial review results in the meeting minutes.

3.11 Digital Financial Transactions

(amended by board action 06-06-2024; previously amended 03-27-2024/bylaws amendment effective 07-01-2024)

The WSPTA corporate finance committee (CFC) is responsible for making recommendations to the WSPTA board of directors regarding online banking practices and the use of debit and/or secured credit cards. At least yearly, the CFC shall review all resource materials regarding digital financial transactions and work with the leadership committee to ensure that local PTAs and councils have the latest information on best practices.

A local PTA or council must carry Fidelity Bond insurance in order to disburse PTA funds using electronic payments, secured credit or debit cards.

1. Online Banking
 - A. Local PTAs and councils may access online banking to review and download monthly bank statements and conduct financial transactions.
 - B. Local PTAs and councils may accept payments (income) using online sites or in-person devices (e.g., PayPal, Square, etc.).
 - C. Online banking may be used to make electronic payments to cover approved PTA expenses (e.g., nonprofit corporation renewals, etc.).
 - D. A local PTA or council board of directors must create and approve written procedures and internal controls for conducting online banking to minimize the risk of misappropriation of funds. The local PTA or council standing rules must be amended to reflect online banking procedure implementation.
 - E. The non-signer bank statement reviewer should also review monthly statements related to any online banking platforms (e.g. Paypal, Square, etc.). The non-signer should not be a person living with or related to someone who is a signer on the account.
2. Debit and Secured Credit Cards
 - A. Debit and secured credit cards can be used to disburse PTA funds in accordance with the WSPTA Uniform Bylaws.
 - B. A local PTA or council board of directors must create and approve written procedures and internal controls for using debit or secured credit cards to minimize the risk of misappropriation of funds. The local PTA or council standing rules must be amended to reflect debit and secured credit card procedure implementation.
 - C. For secured credit cards, the credit limit should not exceed half of the total income in the budget approved at the annual meeting.
 - D. Debit or secured credit cards will only be issued to an authorized signer on the bank account as indicated in the local PTA or council standing rules. Signers should not be related or living in the same household.
 - E. If a card is lost or stolen, it should be cancelled, and the account should be reconciled by a non-signer to identify any unauthorized transactions.
 - F. Upon the end of the cardholding officer's term, or upon their resignation or removal from office, the card should be surrendered to the local PTA or council and destroyed. If a resignation or removal occurs outside of the end of a standard term, a financial reconciliation shall be performed immediately by a non-signer.
 - G. Cash transactions should be limited (ATM, cash back, etc). The local PTA or council should have documented procedures that describe when cash transactions are allowed and how to account for them with receipts and/or supporting documentation.

- H. Debit and/or secured credit cards should be associated with the PTA or council as a business and not tied to a single individual.
- I. The non-signer bank statement reviewer should also review additional monthly statements associated with secured credit card accounts. The non-signer should not be a person living with or related to someone who is a signer on the account.

Refer to the *Managing Your Nonprofit PTA Handbook* or *Treasurer's Handbook* for more information on digital financial transaction guidelines and managing PTA funds.

3.12 Collaborating with Outside Organizations

(added by board action 03-27-2024/bylaws amendment effective 07-01-2024)

Per *WSPTA Uniform Bylaws* Article 2, Section D, local PTAs and councils cannot become fiscal agents, fiscal sponsors, or sign sponsorships or charter agreements with any outside organizations or agencies. Local PTAs and councils can refer to Appendix R of WSPTA policy for specific guidance on working with scouting organizations. This does not preclude WSPTA or its constituent organizations from collaborating with school related and non-school related outside organizations such as ASB, school support organizations, non-profit organizations, youth organizations or community-based organizations.

Before collaborating with an outside organization, it is important to be sure that the organization's bylaws, purposes, and mission are consistent with those of PTA. It is equally important that the local PTA or council considers all potential financial, legal, and reputational risks before entering any collaboration that could put their nonprofit status in jeopardy or increase liability.

Depending on the collaboration being considered, the local PTA or council board of directors should consult WSPTA and National PTA resources, state non-profit law, local school district policies, AIM insurance, and legal counsel, if deemed necessary.

Local PTAs and councils may develop and plan an event or special project with outside organizations. Representatives from the local PTA or council should participate actively in the planning and implementation of each cooperative undertaking to ensure that goals and procedures are consistent with the purposes, policies, and principles of the PTA.

It is recommended that a contract with clear responsibilities of each party be written and signed before starting to plan an event or special project. The responsibilities, financial obligations, and liabilities of each entity must be defined, discussed, and authorized by the local PTA or council board of directors before signing such contracts. All contracts must be in writing and signed by two elected officers of the local PTA or council. For protection in the event of an accident or lawsuit, each group must have its own adequate liability insurance.

Entering a collaboration with youth organizations that specifically interact directly with children and youth, merits careful deliberation. Such an agreement poses additional potential liability risks, and the PTA should consult their insurance carrier. As with any agreement or contract, the PTA's board of directors and, in this case, the membership, should review and approve the type of collaboration being considered.

If, for any reason, a special project or event including financial obligations cannot be completed during the fiscal year in which it was approved by the local PTA or council board of directors, the incoming board should review it and present it to membership for approval. According to *WSPTA Uniform Bylaws* Article 5, Section 2C, the current board of a local PTA or council cannot enter any financial obligation that extends beyond the fiscal year except as approved by the membership.

This example can be modified to fit the expectations and commitments of local PTA and council boards.

In addition, the WSPTA board of directors has the authority to make changes as necessary to remain in compliance with the National PTA standards of affiliation agreement or with state or federal law. The policy shall be available on the WSPTA website and shared with members as requested. If any posting, in the sole judgment of the WSPTA, is inappropriate, the WSPTA may take whatever action it deems necessary to remedy the inappropriate actions.
10. The WSPTA reserves the right to terminate access to any user who does not abide by these guidelines.

10.12 Data Management

(section added by board action 10-30-2021, amended 05-05-2023)

All WSPTA volunteers are provided with a name-based Washington State PTA email address ending in @wastatepta.org. In addition to identifying the volunteer as a valuable member of the volunteer team, this email address provides them with a license to a browser-based version of Microsoft Office. All volunteers are required to use these services when working on behalf of WSPTA. All emails, files, documents, and other data created using these resources are the property of Washington State PTA. Likewise, all work done by staff, consultants, and volunteers for Washington State PTA is owned and copyrighted by Washington State PTA.

10.12.1 Data Security

It is essential to maintain the security of all Washington State PTA data. In addition to accessing email, the @wastatepta.org email access grants volunteers access to WSPTA data and systems. Like any business, WSPTA ensures that what belongs to WSPTA stays within WSPTA. Therefore, @wastatepta.org email cannot be forwarded to personal email addresses.

All staff and volunteers are sent weekly IT security training videos. It is extremely important that staff and volunteers regularly view these videos to stay current on cyber-security issues. Dark web monitoring is conducted to ensure data security.

10.12.2 Email Guidelines

Email messages shall be professional and courteous. In general, an email message shall reference facts and not address personalities. WSPTA volunteers shall be aware that any email sent may in turn be forwarded to people who are not originally intended to see the message.

To allow for smoother transitions when volunteer leaders change positions, some volunteers are provided access to position-based email addresses. This allows a board member, committee chair, or region director to access historical email messages related to the position. Whenever possible, volunteers should use the position-based email address for position-related correspondence.

10.12.3 Document Management

(conforming edit 10-25-2023)

The work of Washington State PTA is organized into committees, region service committees, and other groups. The work is managed using Microsoft Teams and other Office 365 applications including SharePoint. It is vital that documents be saved and maintained in the SharePoint site related to the appropriate group. While the volunteers also have access to OneDrive, files in those folders are not readily accessible to other group members and should not be used.

10.12.4 Data Retention

In accordance with the Document Retention and Destruction Policy ([Appendix I](#)), all WSPTA email, files, and documents are subject to permanent deletion. Washington State PTA email accounts automatically delete correspondence more than three years old. Working, draft, and in process documents stored on SharePoint sites are also subject to deletion after three years.

Published and other specially designated documents may be set aside in permanent archive to maintain a historical record of WSPTA activities as described in the Document Retention and Destruction Policy ([Appendix I](#)).

2. When a media inquiry is received, the WSPTA president and executive director shall determine the individual with the subject matter expertise best suited to answer the inquiry.

10.13.3 Speaking to the Media

The WSPTA president shall be the spokesperson for the WSPTA. The WSPTA president has the authority to appoint a subject matter expert to speak on behalf of the WSPTA.

10.13.4 Letters/Letters to the Editor

A WSPTA board member choosing to write a letter to the editor shall not use their WSPTA title unless the content has been approved by the executive committee.

10.14 Social Media Requirements for Board and Committee Members

(amended by board action 08-02-2020, legal review completed 07-21-2020)

Washington State PTA (“WSPTA”) recognizes that social media is an influential tool that has the power to amplify and spread its messages, raise awareness about important issues and

mobilize action, and broaden its community connections. However, the use of social media does not come without risk, including risk of abuse, spread of false, misleading or potentially destructive information, and reputational harm to WSPTA. The purpose of this Social Media Policy is to provide limitations and guidance for the use of social media by designated WSPTA representatives (defined below) to maximize the value of using social media use while minimizing risk. For the purposes of this policy, the term “social media” includes any means of online publication and commentary, including but not limited to: blogs, wikis, and social networking sites such as Facebook, Instagram, LinkedIn, Twitter, Flickr, and YouTube. This policy is in addition to and complements any existing or future policies (except to the extent such future policies amend or replace this policy) regarding the use of technology, computers, e-mail, and the internet.

10.14.1 Application of this Policy

(conforming edit 10-25-2023)

This policy governs the publication of and commentary on social media by members of the WSPTA Board of Directors and WSPTA committee members, including region directors and members of region service committees (“WSPTA Representatives”).

This policy applies to both WSPTA’s social media accounts (i.e., social media accounts that are owned, controlled or managed by WSPTA or are hosted on WSPTA-owned domains) and to the use of personal social media accounts to the extent they include information about or reference to WSPTA.

10.14.2 Guidelines and Best Practices for Using Social Media

A. Value-Added Approach to Publication and Commentary

Blogs and social networks that are hosted on WSPTA-owned domains shall be used in a way that adds value to WSPTA’s business. If it helps WSPTA board or committee members, PTA members, staff or WSPTA partners to do their jobs and solve problems; if it helps to improve knowledge or skills; if it contributes directly or indirectly to the improvement of WSPTA’s policies and processes; if it helps promote WSPTA’s values and mission, then it adds value.

B. Compliance with Ethical Standards

Maintenance of ethical standards is of the utmost importance to WSPTA. As such, to the extent WSPTA Representatives publish content or comment via social media (whether on behalf of the WSPTA using WSPTA-owned social media accounts or using personal social media accounts), they must do so in accordance with this policy. In publishing content or posting commentary on social media, WSPTA representatives have obligations similar to their obligations when engaging in any other kind of publication or commentary, and all uses of social media must follow the same ethical standards that apply to the WSPTA members under WSPTA policy.

C. Issues of Representation

WSPTA Representatives must never present themselves as a spokesperson for WSPTA, unless specifically authorized to do so. If authorized to speak on WSPTA's behalf (including for purposes of participating in a professional or community discussion), WSPTA Representatives must clearly state who they are, their role within WSPTA and their relationship to the topic. The content of such WSPTA Representative's message(s) is subject to prior WSPTA approval. Even when WSPTA Representatives are not acting as spokespersons for WSPTA, they can be viewed as representing WSPTA on social media. On social media, lines between personal and professional, private and public, may blur. A WSPTA Representative may be said to represent WSPTA from their personal social media account if he/she/they:

Identify themselves in their profile or in their posts as a member of the WSPTA Board of Directors or as a member of a WSPTA committee;

Identify WSPTA, or a past or present affiliation with WSPTA, as the source of expertise and/or knowledge of a subject;

Uses the name or logo of WSPTA in a profile or description; or

Has social media contacts based on their position in WSPTA.

As such, WSPTA Representatives should be thoughtful about how they present themselves in their personal social media accounts. This is especially true if a WSPTA Representative is connecting with other WSPTA members, staff or stakeholders via his/her/their personal social media account. WSPTA Representatives who identify themselves by their position with WSPTA on their personal social media accounts shall ensure that their profile and content are appropriate for sharing with colleagues, board members, sponsors, and partners.

If WSPTA is a subject of the content being created, the writer should be clear and open about the position they hold, and make it clear that their views do not represent those of WSPTA, fellow board or committee members, staff, members or people working on behalf of WSPTA. Board members may not promote WSPTA by creating a link from a personal blog, website, or other social networking site to a WSPTA website without identifying themselves as a member of the WSPTA Board of Directors. WSPTA Representatives should remain aware of all associations with WSPTA when using a professional social media identity, when representing WSPTA in online communications, or when using personal social media accounts.

When using a personal social media identity (Facebook, LinkedIn, etc.) and representing affiliation with WSPTA, the following disclaimer may be added to a personal profile: "The postings on this site are my own and are not intended to represent Washington State PTA positions, strategies, or opinions." However, this disclaimer is not a substitute for adherence to the requirements of this policy.

D. Content Must be Honest and Accurate

Whether publishing or posting to social media on behalf of the WSPTA or in their personal capacities, WSPTA Representatives shall make every effort to be honest and accurate when posting content on social media. WSPTA Representatives shall correct any mistake or misrepresentation as expeditiously as possible after the mistake or misrepresentation is discovered.

WSPTA Representatives should be open about any previous posts that have been altered. The internet archives almost everything and screen shots may be taken; therefore, even deleted postings may be searched and shared.

If there are misrepresentations made about WSPTA in the media, WSPTA Representatives may point out the error with respect and with the facts.

E. Consider the Potential for Adverse Consequences

Before creating online content including statements, photographs, video, or audio content (whether doing so on behalf of WSPTA or for purposes of a personal social media account), WSPTA Representatives should consider the risks and rewards of that content. WSPTA Representatives must bear in mind that any conduct that adversely affects WSPTA, its members, and its ability to maintain relationships and to secure the resources needed to fulfill its mission may result in disciplinary action (as described below).

Adverse consequences may include loss of members or local PTAs, negative impacts to WSPTA relationships with advocacy partners or policy makers, loss of donations, loss of sponsorship, risk of disaffiliation with National PTA, risk of WSPTA's nonprofit status, negative comments in the media, and negative comments on social media.

To the extent that the risks of these adverse consequences outweighs the benefit of the contemplated content, WSPTA Representatives should not post such content to social media. In other words, WSPTA Representatives should only post content to social media that, after weighing the applicable risks and benefits, has independent benefit that outweighs the risk of potential adverse consequences.

F. Respect Copyrights and Fair Use

WSPTA Representatives must always give individuals and entities proper credit for their work. Prior to publishing or posting content on social media, WSPTA Representatives must: (i) ensure that they have the right to use another's work, including by getting permission to reproduce the work with attribution from the original author/source, (ii) cite and link to the original the source (never quote more than short excerpts of another's work without attribution) and (iii) respect all laws governing the use of copyrighted material.

As a best practice, WSPTA Representatives should link to another's work, not reproduce it.

G. Use Respectful Communication

Posts shall always be fair and courteous to WSPTA Representatives, members, staff, and other people who work with or on behalf of WSPTA.

WSPTA Representatives are required to avoid posting content that could reasonably be viewed as malicious, obscene, threatening or intimidating, that disparages individuals, or that might constitute harassment or bullying. Disrespectful conduct may subject the individual to disciplinary action.

Examples of disrespectful online conduct may include (but are not limited to):

- Posts intended to harm someone’s reputation
- Posts targeting someone because of their identity
- Posts containing obscene or lewd content
- Posts that contain insulting, inflammatory, or negative comments towards a person or group of people

10.14.3 Prohibited and Discouraged Activity

A. Prohibited Content

The following types of publications, posts, comments or other remarks made on social media (“Content”), whether made on WSPTA-owned social media accounts or a WSPTA Representative’s personal account, are strictly prohibited, will not be tolerated, and may subject the individual to investigation and/or disciplinary action by the WSPTA:

- Content that includes discriminatory remarks, harassment, and threats of pain, injury, violence or similar inappropriate or unlawful conduct;
- Content that could reasonably contribute to a hostile work environment on the basis of race, sex, disability, age, sexual orientation, religion or any other status protected by law or WSPTA policy;
- Content that, in a partisan manner, praises or disparages a political party, or that otherwise threatens to endanger WSPTA’s 501 (c)(3) status;
- Content that contradicts a board or member-voted position of Washington State PTA or National PTA (this applies to members of the board of directors only);
- Content that is intended to retaliate or has the effect of retaliating against any other WSPTA Representative or employee for lawful practices;
- Content that contains confidential information;
- Content that is in any way unlawful, including content that infringes on intellectual property rights (e.g., copyrights, trademarks, service marks, etc.); and
- Content that contains information or rumors that are known to be false, including false information or rumors about WSPTA, board members, staff, PTA members, or others working on behalf of WSPTA.

B. Confidential and Proprietary Information

WSPTA Representatives must always be mindful of the trust placed in the board of directors and its committees by WSPTA members, volunteers, and community stakeholders. Those individuals and entities have a right to expect protection of their information and confidentiality. Accordingly, WSPTA Representatives shall not use social media to:

- Report on conversations, decisions, or events that might be considered private or internal to WSPTA
- Discuss information that has not been made public.
- Share internal personnel issues or confidential information about any stakeholder.
- Share information about members, member PTAs, donors, or grantors without express permission.

C. Retaliation

Retaliation is strictly prohibited by the WSPTA. Any WSPTA Representative who retaliates against another WSPTA representative or employee for reporting a possible deviation from this policy or for cooperating in an investigation shall be subject to disciplinary action.

D. Contacting the Media

WSPTA Representatives should not speak to the media on WSPTA's behalf without contacting the WSPTA President or the Executive Director. All media inquiries should be directed to the WSPTA president or the executive director.

E. Political Activity

When publishing content or commenting on behalf of WSPTA-owned social media accounts, WSPTA representatives must not engage in any political activity that is not previously authorized in writing by WSPTA. Examples of prohibited political activity include, but are not limited to, endorsing any political candidate or political campaign on behalf of WSPTA, lobbying for WSPTA, or expressing personal political beliefs.

With respect to WSPTA Representatives' personal social media accounts, WSPTA Representatives should keep in mind that, even in their personal capacities, their statuses and positions as representatives of WSPTA means that their personal beliefs may be viewed (whether intentionally or not) as beliefs held by WSPTA. For example, a WSPTA Representative's simple participation in some online political or lobbying groups could be seen to indicate endorsement of that group's views. Moreover, partisan political posts may damage WSPTA's reputation with governmental decision-makers, since WSPTA works with legislators on both sides of the aisle. As such, although WSPTA Representatives are entitled to express their personal political beliefs, they should use the upmost care when posting about these beliefs on their personal social media accounts.

Accordingly, WSPTA Representatives are encouraged to avoid:

- Partisan political posts, particularly those that disparage one or more groups of people; and
- Joining online groups or using social media in any form (including a Facebook page or a personal blog) that takes a position on legislative efforts, as this could be construed as lobbying.

If WSPTA Representatives engage in political discussion or otherwise express their personal political views on social media, they should be specific in stating that their opinions and political views do not reflect the ideology, strategy, or mission of WSPTA.

F. Use of WSPTA Resources for Social Media

WSPTA Representatives may not use WSPTA members' email addresses or personal information or other WSPTA resources for any personal use, including for registration on social networks, blogs or other online tools or for other advertising or promotional purposes.

The WSPTA logo may be used only with respect to resources and materials created by WSPTA staff or with prior written approval of the WSPTA Executive Committee.

10.14.4 Disciplinary Action

WSPTA Representatives are solely responsible for what they post online. Failure to follow this policy may result in conversations about social media content, additional training, a request to remove specific content, deletion of content on a WSPTA page or account, or removal of an officer or committee member through the process outlined in *WSPTA Uniform Bylaws* and WSPTA Policy.

SECTION ELEVEN: NATIONAL PTA

The WSPTA is a constituent association of the National PTA. In accordance with this affiliation, the WSPTA shall adhere to the vision and mission of National PTA as well as applicable bylaws, policies and legislative principles.

The purposes and basic policies of National PTA shall in every case also be the purposes and basic policies of each constituent association. (*National PTA Bylaws*)

11.1 National PTA Standards of Affiliation

National PTA requires that constituent associations complete requirements of the Standards of Affiliation (SOA) on an annual basis. (conforming edit 10-25-2023)

WSPTA shall be entitled to be represented at the annual convention of the National PTA by the WSPTA president and other delegates as allowed by National PTA. Per the *National PTA Bylaws*, constituent associations receive one voting delegate for every 1000 memberships as shown on the books of the National PTA secretary/treasurer as of March 31. The selection of these delegates shall be made or authorized by the WSPTA board of directors. In case of emergency, the WSPTA president shall be authorized to appoint delegates to the National PTA convention.

Credentials for voting delegates to the National PTA convention shall be approved by the WSPTA president.

Voting delegates attending the National PTA Convention paid for by the WSPTA (other than delegates from the Outstanding PTA of the Year) shall:

Some examples include the National Council of States, Emerging Minority Leader Conference, Male Engagement Conference or other specific training opportunities. The WSPTA president shall choose representatives based on their expertise in the content of the event and the ability of the representative to bring information back to WSPTA. If the WSPTA president is unresponsive to my concern or the issue is not resolved to my satisfaction, I will bring the matter to the attention of the full board in a meeting.

Retaliation for reporting a violation of policy to the WSPTA compliance officer, president, or executive director is strictly prohibited. Appendix F: Conflict of Interest Policy and Form

Washington State PTA Board of Directors

Purpose

The purpose of this policy is to protect this tax-exempt association's interest when it is contemplating or entering into a transaction or arrangement that might benefit the private interest of an officer or director of the Washington State PTA (WSPTA) or might result in a possible excess benefit transaction. This policy is intended to supplement but not replace any applicable state and federal laws governing conflict of interest applicable to nonprofit and charitable organizations.

Policy

Any director, principal officer, or member of a committee with governing board-delegated powers, who has a direct or indirect financial interest, as defined below, is an interested person. A person has a financial interest if the person has, directly or indirectly, through business, investment, or family:

1. An ownership or investment interest in any entity with which the WSPTA has a transaction or arrangement.
2. A compensation arrangement with the WSPTA or with any entity or individual with which WSPTA has a transaction or arrangement.
3. A potential ownership or investment interest in, or compensation arrangement with, any entity or individual with which WSPTA is negotiating a transaction or arrangement.
4. Compensation includes direct and indirect remuneration as well as gifts or favors that are not insubstantial.
5. A financial interest is not necessarily a conflict of interest. Under this policy, a person who has a financial interest may have a conflict of interest only if the appropriate governing board or committee decides that a conflict of interest exists. (See Conflict of Interest Procedures.)

Procedures

The procedures of the conflict of interest policy shall include:

A. Duty to Disclose

In connection with any actual or possible conflict of interest, an interested person must disclose the existence of the financial interest and be given the opportunity to disclose all material facts to the directors and members of committees with governing board-delegated powers considering the proposed transaction or arrangement.

B. Determining Whether a Conflict of Interest Exists

After disclosure of the financial interest and all material facts, and after any discussion with the interested person, he/she shall leave the governing board or committee meeting while the determination of a conflict of interest is discussed and voted upon. The remaining board or committee members shall decide if a conflict of interest exists.

C. Procedures for Addressing Conflicts of Interest

1. An interested person may make a presentation at the governing board or committee meeting, but after the presentation, he/she shall leave the meeting during the discussion of, and the vote on, the transaction or arrangement involving the possible conflict of interest.
2. The chairperson of the governing board or committee shall, if appropriate, appoint a disinterested person or committee to investigate alternatives to the proposed transaction or arrangement.
3. After exercising due diligence, the governing board or committee shall determine whether the association can obtain with reasonable efforts a more advantageous transaction or arrangement from a person or entity that would not give rise to a conflict of interest.
4. If a more advantageous transaction or arrangement is not reasonably possible under circumstances not producing a conflict of interest, the governing board or committee shall determine by a majority vote of the disinterested directors whether the transaction or arrangement is in the association's best interest, for its own benefit, and whether it is fair and reasonable. In conformity with the above determination it shall make its decision as to whether to enter into the transaction or arrangement.

Violations of the Conflict of Interest Policy

If the governing board or committee has reasonable cause to believe a member has failed to disclose actual or possible conflicts of interest, it shall inform the member of the basis for such belief and afford the member an opportunity to explain the alleged failure to disclose. If, after hearing the member's response and after making further investigation as warranted by the circumstances, the governing board or committee determines the member has failed to disclose an actual or possible conflict of interest, it shall take appropriate disciplinary and corrective action.

Report of Proceedings

The report of proceedings regarding conflicts of interest for the governing board and all committees with board-delegated powers shall include:

1. The names of the persons who disclosed or otherwise were found to have a financial interest in connection with an actual or possible conflict of interest, the nature of the financial interest, any action taken to determine whether a conflict of interest was

present, and the governing board's or committee's decision as to whether a conflict of interest in fact existed.

2. The names of the persons who were present for discussions and votes relating to the transaction or arrangement, and a record of any votes taken in connection with the proceedings.

Participation in Voting Limited

A voting member of the governing board who receives compensation, directly or indirectly, from WSPTA for services is precluded from voting on matters pertaining to that member's compensation.

A voting member of any committee whose jurisdiction includes compensation matters and who receives compensation, directly or indirectly, from WSPTA for services is precluded from voting on matters pertaining to that member's compensation.

Reimbursement of allowable expenses under WSPTA financial policies ([Section Eight](#) of this policy document) is not considered compensation.

No voting member of the governing board or any committee whose jurisdiction includes compensation matters and who receives compensation, directly or indirectly, from WSPTA, either individually or collectively, is prohibited from providing information to any committee regarding compensation.

Annual Signature Required

Each director, principal officer and member of a committee with governing board-delegated powers shall annually sign a statement within 15 days of appointment or beginning elected office, a statement which affirms such person:

1. Has received a copy of the *Conflict of Interest* policy.
2. Has read and understands the policy.
3. Has agreed to comply with the policy.
4. Understands WSPTA is a charitable organization and in order to maintain its federal tax exemptions it must engage primarily in activities which accomplish one or more of its tax-exempt purposes.

Periodic Reviews

To ensure WSPTA operates in a manner consistent with charitable purposes and does not engage in activities that could jeopardize its tax-exempt status, periodic reviews shall be conducted. The periodic reviews shall, at a minimum, include the following subjects:

1. Whether compensation arrangements and benefits are reasonable, based on competent survey information and the result of arm's length bargaining.
2. Whether partnerships, joint ventures, and arrangements with management organizations conform to WSPTA's written policies, are properly recorded, reflect reasonable investment or payments for goods and services, further charitable purposes, and do not result in inurement, impermissible private benefit, or an excess benefit transaction.

When conducting the periodic reviews as provided for in this policy, WSPTA may, but need not, use outside advisors. If outside experts are used, their use shall not relieve the governing board of its responsibility for ensuring periodic reviews are conducted.

Appendix G: Whistleblower Policy

Washington State PTA Board of Directors

Purpose

This policy reflects a code of conduct that requires directors, officers, members and employees of Washington Congress of Parents and Teachers (WSPTA) to observe high standards of business and personal ethics in the conduct of their duties and responsibilities. As employees and representatives of WSPTA, we must practice honesty and integrity in fulfilling our responsibilities and comply with all applicable laws and regulations. It also is our responsibility to report conduct violations in accordance with WSPTA policies. No WSPTA director, officer, member or employee who in good faith reports a violation of those policies shall suffer harassment, retaliation or adverse employment consequence.

Policy

The directors, officers and employees of this association are expected to adhere to high standards of ethical conduct. Although it is impossible to describe all conduct that is addressed, WSPTA policies specifically require the following:

1. Dedication to WSPTA's mission, vision and core values and recognition that the chief function of WSPTA at all times is to serve the best interests of our association.
2. The responsible and prudent management of WSPTA's funds and assets.
3. Honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships.
4. Full, fair, accurate and timely disclosure of relevant facts in all reports and documents dealing with matters of program service, governance and business administration.
5. Compliance with all applicable governmental laws, rules and regulations.
6. Treatment of all persons with respect, equity and fairness regardless of sex, race, color, creed, religion, age, sexual orientation, gender identity, national origin, citizenship, veteran or marital status, physical or mental disabilities, or any other legally protected basis.
7. Respect and protection of confidential and/or privileged information to which we have access in the course of our duties.
8. Prompt internal reporting of policy violations to an appropriate person or persons within the organization.
9. Personal accountability for adherence to the policies of WSPTA.

Reporting Responsibility

It is the responsibility of all WSPTA directors, officers and employees to comply with the WSPTA policies and to report violations or suspected violations in accordance with this whistleblower policy. Employees who know of ethical misconduct and remain silent are subject to discipline by the executive director. Board members who know of ethical misconduct and remain silent are subject to discipline by the executive committee.

No Retaliation

No WSPTA director, officer or employee who, in good faith, reports a violation of this policy shall suffer harassment, retaliation or adverse employment consequence. An employee who retaliates against someone who has reported a violation in good faith is subject to discipline up to and including termination of employment. This whistleblower policy is intended to encourage and enable employees and others to raise serious concerns within WSPTA prior to seeking resolution outside the association.

Compliance Officer

WSPTA's compliance officer is the WSPTA finance officer in his/her role as chair of the corporate finance committee (CFC). The compliance officer is responsible for investigating and resolving all reported complaints and allegations concerning violations of this policy and, at his/her discretion, shall advise the executive director and/or the CFC. The compliance officer has direct access to the CFC of the board of directors and is required to report to the CFC at least annually on compliance activity.

Reporting Violations

A. Employees

The policy urges and suggests that employees share their questions, concerns, suggestions or complaints with someone who can address them properly. In most cases, an employee's supervisor is in the best position to address an area of concern. Employees who are not comfortable speaking with their supervisor or are not satisfied with the supervisor's response are encouraged to speak with the executive director. Supervisors and managers are required to report suspected violations of this policy to the compliance officer, who has specific and exclusive responsibility to investigate all reported violations. Individuals who suspect fraud or are not satisfied or comfortable with following these guidelines should contact the compliance officer directly.

B. Members

The policy urges and suggests that members share their questions, concerns, suggestions or complaints with someone who can address them properly. In most cases, a member of the executive committee is in the best position to address an area of concern. Members who are not comfortable speaking with an executive committee member, or are not satisfied with their

response, are encouraged to speak with the executive director. All WSPTA board members are required to report suspected violations of this policy to the compliance officer, who has specific and exclusive responsibility to investigate all reported violations. Individuals who suspect fraud or are not satisfied or comfortable with following these guidelines should contact the compliance officer directly.

C. Complaints against Compliance Officer

Should the complaint involve the compliance officer, violations of this policy should be reported to the WSPTA president and/or the executive director.

D. Accounting and Auditing Matters

In the event that a reported concern or complaint involves corporate accounting practices, internal controls or auditing, the compliance officer shall immediately notify the CFC of the complaint and work with the CFC until the matter is resolved. The CFC of the board of directors shall address all reported concerns or complaints regarding corporate accounting practices, internal controls or auditing.

E. Acting in Good Faith

Anyone filing a complaint concerning a violation or suspected violation of this policy must be acting in good faith and have reasonable grounds for believing the information disclosed indicates a violation. Any allegations that prove not to be substantiated and which prove to have been made maliciously or knowingly to be false will be viewed as a serious disciplinary offense.

F. Confidentiality

Violations or suspected violations may be submitted on a confidential basis by the complainant or may be submitted anonymously. Reports of violations or suspected violations will be kept confidential to the extent possible, consistent with the need to conduct an adequate investigation.

G. Handling of Reported Violations

The compliance officer will notify the sender and acknowledge receipt of the reported violation or suspected violation within five business days. All reports will be promptly investigated, and appropriate corrective action will be taken if warranted by the investigation.

H. Acknowledgement and Distribution of Policy

As it is the intent of WSPTA to strive for high ethical conduct from all board, members and staff, the board of directors is particularly sensitive to individuals who hold management and governance positions of trust and confidence in fulfilling the mission and goals of WSPTA. These sensitive positions include all officers, members of the board of directors, key committee chairs, the executive director and key senior staff members designated by the executive director. Therefore, each will be notified of the location of this policy, and any subsequent updates.

Appendix H: Harassment Policy and Procedure

Washington State PTA Board of Directors

Washington State PTA (WSPTA) board members will treat all WSPTA employees and other board members with respect. No board member shall harass an employee or other board member on the basis of sex, race, color, creed, religion, age, sexual orientation, gender identity, national origin, citizenship, veteran or marital status, physical or mental handicaps, or any other legally protected basis. Harassment is a form of misconduct that undermines the integrity of work relationships and may well be a violation of the law. It may have serious consequences not only for the person involved but for the entire association. It is the responsibility of every board member to cooperate with and assist in the implementation of this policy.

Complaint Procedure

All staff and board members are entitled to make a complaint or discuss this policy with the executive committee, president, and/or WPTA board of directors if they feel that they may have questions regarding the issue of harassment. Appropriate action may be taken by the board of directors.

1. If you feel you have been subjected to wrongful harassment, or if you observe such conduct, you are expected and required to bring the matter to the attention of the WSPTA president or executive committee as soon as the problem arises.
2. If you are unable to resolve the problem by speaking with the WSPTA president or executive committee, if the complaint involves the WSPTA president or executive committee, or if you are uncomfortable discussing the issue with the WSPTA president or executive committee, you should report the problem immediately to the WSPTA board of directors.
3. Any reports, complaints or questions will be promptly investigated and kept confidential to the extent possible consistent with the association's need to investigate the complaint and address the situation.
4. If wrongful harassment is established, the offending party will be subject to disciplinary action, up to and including termination.

If a WSPTA board member expresses concern that your behavior may have violated this policy, please respect his/her concern and attempt to correct the situation. Regardless of your intent, how your behavior is interpreted by others is important.

Appendix J: Gift Acceptance Policy

Washington State PTA Board of Directors

Policy and Purposes

Washington State PTA (WSPTA) solicits and accepts gifts for purposes that will help the association further and fulfill its mission. WSPTA urges all prospective donors to seek the assistance of personal legal and financial advisors in matters relating to their gifts, including the resulting tax- and estate-planning consequences. The following policies and guidelines govern acceptance of gifts made to WSPTA for the benefit of any of its operations, programs or services.

Use of Legal Counsel

WSPTA will seek the advice of legal counsel in matters relating to acceptance of gifts when appropriate. Review by counsel is recommended for:

1. Gifts of securities that are subject to restrictions or buy-sell agreements.
2. Documents naming Washington State PTA as trustee or requiring WSPTA to act in any fiduciary capacity.
3. Gifts involving contracts such as bargain sales, partnership agreements, or other documents requiring WSPTA to assume financial or other obligations.
4. Transactions with potential conflicts of interest.
5. Gifts of real estate.
6. Pledge agreements.
7. Gifts with restrictions not clearly in alignment with activities in the current budget or strategic plan.

General Policy

WSPTA will not accept gifts that:

1. Violate the terms of WSPTA's corporate documents.
2. Would jeopardize WSPTA's status as a tax-exempt corporation under federal or state law.
3. Are too difficult or too expensive to administer in relation to their value.
4. Are for purposes that do not further WSPTA's objectives.
5. Could damage the reputation or result in any unacceptable consequences for WSPTA.

Policy Regarding Specific Types of Gifts

Final decisions on the restrictive nature of a gift, and its acceptance or refusal, shall be made by the WSPTA corporate finance committee (CFC), in consultation with the executive director.

Section 1: Gifts Generally Accepted Without CFC Review

1. **Unrestricted Gifts of Cash:** Unrestricted cash gifts are acceptable without prior review by the CFC provided that for donations of \$10,000 or more the identity of the donor has been vetted with respect to any reputation or policy issues. Unrestricted cash gifts are acceptable in any form including by check, money order, credit card, or online. Checks shall be made payable to Washington Congress of Parents and Teachers.
2. **Unrestricted Gifts of Marketable Securities (stocks, bonds, mutual funds, ETFs, etc.):**
 - a. Unrestricted marketable securities are acceptable without prior review by the CFC and may be transferred electronically to an account maintained at one or more brokerage firms or delivered physically with the transferor's endorsement or signed stock power (with appropriate signature guarantees) attached. All marketable securities will be sold promptly as soon as practical following receipt unless otherwise directed by the CFC.
 - b. If the marketable securities are restricted by applicable securities laws, the decision whether to accept the restricted securities shall be made by the CFC.
3. **Certain Donor Restricted Gifts of Cash or Marketable Securities:** Gifts of cash or marketable securities (not subject to section 2b below) with donor-imposed restrictions are acceptable without prior review by the CFC, provided that, in the opinion of the executive director, the donor restriction aligns with activities in the current budget or strategic plan and meets the criteria in "General Policy" above. The executive director shall be responsible for identifying actual restrictions in accordance with applicable IRS and state guidelines and for seeing that the funds are used in accordance with the restrictions.

Section 2: Gifts Subject to CFC Review Prior to Acceptance:

All gifts, other than those described in Section 1 above, must be reviewed by the CFC prior to acceptance, unless the CFC authorizes certain de minimis gifts to be accepted without its review. The following guidelines also apply:

1. **Tangible Personal Property:** The CFC shall review and determine whether to accept any gifts of tangible personal property in light of the following considerations:
 - a. Whether the property furthers the corporation's mission.
 - b. Whether the property is marketable.

- c. Whether there are any unacceptable restrictions imposed on the use, display, or sale of the property.
 - d. Whether there are any carrying costs and possible liability for the property for which the corporation may be responsible.
 - e. Whether the title/provenance of the property is clear.
2. **Marketable Securities Restricted by Law:** Marketable securities restricted by applicable securities laws must be reviewed by the CFC prior to acceptance.
 3. **Closely-Held Securities:** Closely-held securities, including debt and equity positions in non-publicly traded companies, interests in LLPs and LLCs, or other ownership forms can be accepted subject to the approval of the CFC. The CFC shall review and decide whether to accept closely-held securities based on the following factors:
 - a. Restrictions on the security that would prevent WSPTA from ultimately converting the securities to cash.
 - b. The marketability of the securities.
 - c. Any undesirable consequences for WSPTA from accepting the securities.

If potential problems arise on initial review of the security, further review and recommendation by an outside professional may be sought before making a final decision on acceptance of the gift. The final determination on the acceptance of closely-held securities shall be made by the CFC with advice of legal counsel when deemed necessary. Non-marketable securities shall be sold as quickly as possible.

4. **Bequests:** Donors may make bequests to the corporation under their wills and trusts. A bequest will not be recorded as a gift until the gift is irrevocable. When the gift is irrevocable, but is not due until a future date, the gift will be recorded in accordance with Generally Accepted Accounting Principles (GAAP).
5. **Charitable Remainder and Charitable Lead Trusts:** WSPTA may accept designation as a remainder beneficiary of charitable remainder trusts or as an income beneficiary of charitable lead trusts. WSPTA shall not accept appointment as trustee of a trust.
6. **Retirement Plan Beneficiary Designations:** WSPTA may accept designations as beneficiary of donors' retirement plans. Designations will not be recorded as gifts until the gift is irrevocable. When the gift is irrevocable, the gift will be recorded in accordance with GAAP.
7. **Life Insurance:** WSPTA may accept gifts of life insurance where WSPTA is named as both beneficiary and irrevocable owner of the insurance policy. The life insurance policy will be recorded as a gift once the corporation is named as both beneficiary and irrevocable

owner of a life insurance policy. The gift shall be valued in accordance with GAAP rules. If the donor contributes future premium payments, the corporation will include the entire amount of the additional premium payment as a gift in the year that it is made. If the donor does not elect to continue to make gifts to cover premium payments on the life insurance policy, WSPTA may:

- a. Continue to pay the premiums.
- b. Convert the policy to paid up insurance.
- c. Surrender the policy for its current cash value.

Donors may name WSPTA as beneficiary or contingent beneficiary of their life insurance policies. Designations will not be recorded as gifts until the gift is irrevocable. Where the gift is irrevocable, the gift shall be recorded in accordance with GAAP.

8. **Real Estate:** All gifts of real estate are subject to review by the CFC and executive committee. Prior to acceptance of any gift of real estate, WSPTA shall require an initial environmental review by a qualified environmental firm. In the event that the initial review reveals a potential problem, the corporation may retain a qualified environmental firm to conduct an environmental audit. The cost of the environmental audit shall be an expense of the donor. A preliminary title commitment, paid for by the donor, shall be obtained by the WSPTA prior to the acceptance of the real property gift. WSPTA shall obtain a preliminary title commitment, paid for by the donor, prior to the acceptance of real property.

Transfers of real property shall be statutory warranty deed and donors will be asked to certify that the property is not subject to any contractual agreements that have not been disclosed to WSPTA, that there are no pending or existing assessments against the property and there are no zoning violations, nonconforming uses, lawsuits, or unusual building restrictions related to the property.

Criteria for acceptance of gifts of real estate include:

- a. Whether the property is useful for the corporation's purposes.
- b. Whether the property is readily marketable.
- c. Any covenants, conditions, restrictions, reservations, easements, encumbrances or other limitations associated with the property.
- d. Any carrying costs (including insurance, property taxes, mortgages, notes, or the like) or maintenance expenses associated with the property.
- e. Any concerns which the environmental review or audit revealed.

Additional Provisions

1. **Valuation of Gifts:** The Corporation shall record gifts received at their valuation on the date of gift except that, when the gift is irrevocable but is not due until a future date, the gift may be recorded at the time the gift becomes irrevocable in accordance with GAAP.
2. **Written Acknowledgement:** WSPTA shall provide written acknowledgment of all gifts made to the corporation and comply with the current IRS requirements in acknowledgement of the gifts. Written acknowledgement of gifts other than cash or marketable securities shall not include a statement of value.
3. **Changes to or Deviations from the Policy:** This policy has been reviewed and accepted by the WSPTA board of directors which has the sole power to change this policy. In addition, the WSPTA board of directors shall approve in writing any deviations from this policy.

Appendix L: Investment Fund Policy

Washington State PTA Board of Directors
(amended by board action 04-25-2019)

Preface

The following policy outlines the objectives, responsibilities, goals, guidelines, and management of the Investment fund of the Washington State Congress of Parents and Teachers, from herewith in this document known as the Washington State PTA (WSPTA) and is set forth in order that:

1. There is a clear understanding on the part of the executive director, the corporate finance committee (CFC), the WSPTA board of directors, and the investment management consultant/financial advisor of the investment objectives and policies of the Investment Fund.
2. The investment management consultant/financial advisor is given guidance and limitations in the investment of the Investment Fund assets.
3. The executive director and board of directors, through the CFC, have a meaningful basis for the evaluation of the portfolio management by the investment managers.
4. The Investment Fund will assist in the maintenance and sustainability of the WSPTA.

Investment Policies

In order to achieve the foregoing purposes, the WSPTA board of directors have adopted the following investment policies:

Objectives

1. The executive director oversees investments management by the investment managers for the benefit of WSPTA members.
2. The investments should achieve the highest total return consistent with the long-term goals and reasonable risk. Total return shall include current income plus/minus the appreciation/depreciation in the market value.
3. The mix of investments among stocks, bonds, and other investments shall be determined by the investment managers and the mix may vary as economic conditions change.

Responsibilities of the Executive Director

The responsibility of the executive director (in consultation with the CFC) in the investment process is supervisory, not advisory. The responsibilities in the investment process include, but are not limited to:

1. Determining the projected financial needs of the income beneficiaries of the Investment Fund on a short-term and long-term basis and communicating such to the investment manager(s) on a timely basis.
2. Developing, in coordination with investment management consultant/financial advisor, sound and consistent investment policy guidelines which the investment manager(s) may use in formulating corresponding investment decisions.
3. Selection of a qualified investment management consultant/financial advisor and supervision of his/her selections of investment manager(s).
4. Monitoring and evaluating investment performance results to ensure that investment policy guidelines are adhered to and that the Investment Fund's objectives are met.
5. Analyzing the investment performance of the total portfolio in terms of return and risk/reward and measuring such against commonly accepted benchmarks.

Delegation of Authority

The WSPTA, under the direction of the CFC, as fiduciary, assigns the executive director responsibility for directing and monitoring under the investment management of Investment Fund's assets. As such, the executive director is authorized to delegate certain responsibilities to professional experts in various fields. These include, but are not limited to:

1. Investment manager(s). The investment manager(s) has discretion to purchase, sell, or hold the specific securities that will be used to meet the Investment Fund's investment objectives.
2. Custodian. The custodian will physically (or through agreement with a sub-custodian) maintain possession of securities owned by the Investment Fund, collect dividend and interest payments, redeem maturing securities, and effect receipt and delivery following purchases and sales. The custodian may also perform regular accounting of all assets owned, purchased, or sold as well as movement of assets into and out of the Investment Fund accounts.
3. Additional specialists such as attorneys, auditors, and others may be contracted by the executive director to assist in meeting the responsibilities and obligations to administer the Investment Fund assets prudently.

Assignment of Responsibility

Investment Manager's Discretionary Authority: Each investment manager shall be responsible for making the investment decisions on a discretionary basis regarding all assets placed under its jurisdiction and will be held accountable for achieving the investment objectives indicated in this policy. Such discretion shall include decisions to buy, sell or hold securities in amounts or

proportions that are reflective of the investment manager’s current investment strategy and compatible with the Investment Fund’s investment guidelines.

Investment Guidelines

The WSPTA board of directors recognizes that risk, volatility, and the possibility of loss in purchasing power are present to some degree in all types of investment vehicles. While high levels of risk, as evidenced by high volatility and low quality rated securities are to be avoided, the assumption of risk is warranted to allow the investment managers the opportunity to achieve satisfactory long-term results consistent with the objectives and character of the Investment Fund. The assets shall be invested in marketable securities of good quality in a diversified variety of industry groups.

Types of Investments

1. Stocks
 - a. All common stock purchased shall be of investment quality and readily marketable.
 - b. Investment in any one company shall not exceed five percent of the total market value of equities managed by the investment manager, and investment in any one industry shall not exceed twenty-five percent of such total market value.
2. Other Investments
 - a. The Investment Fund shall make no loans.
 - b. Permissible investments, like fixed income instruments, bonds, mutual funds, alternative mutual funds, are acceptable.

Investment Performance and Portfolio Review/Evaluation

1. Performance results for the portfolio will be measured on a quarterly basis.
2. The portfolio shall be measured against one or more appropriate market indices in such combination so as to match the long-term asset allocation policy of the pools.
3. The volatility of returns of the portfolio shall be monitored and evaluated on a continuing basis.
4. While the executive director and CFC intend to fairly evaluate the portfolio’s performance over a three- to five-year market cycle, or such other period agreed upon, the executive director has the right to change any investment management consultant/financial advisor, if there is:
 - a. Unacceptable justification for poor results, and/or
 - b. Failure to meet the executive director and CFC communication and reporting requirements, **and/or**

- c. Significant deviation from the stated investment policy and philosophy, and/or
- d. Change of ownership or decision-making personnel of the investment manager's firm, and/or
- e. In the executive director's sole judgment (in consultation with the CFC), a change of investment management consultant/financial advisor would be beneficial to the Investment Fund.

Management of the Fund

The executive director shall maintain communication with the investment management consultant/financial advisor on the Investment Fund's assets.

1. The safekeeping of those assets and their secure transferal shall be conducted following sound accounting principles, with clear lines of responsibility, and in consultation with the CFC when deemed appropriate.
2. All expenses of the Investment Fund shall be provided for out of the income generated on the investments.
3. The executive director, in consultation with the CFC, shall adopt appropriate policy guidelines, and the asset allocation established by the executive director and CFC shall represent a long-term view.
4. Any action advised by the investment management consultant/financial advisor that requires the liquidation and/or reallocation of existing assets shall be completed within 90 days after the executive director, in conjunction with the CFC, approves the liquidation and/or reallocation of existing investment assets.
5. The various investment managers shall reinvest all capital gains earned on investments, unless and until otherwise directed.

Definitions

1. "Investment Fund" shall mean the investment assets of the WSPTA Investment Fund.
2. "Fiduciary" shall refer to any individual or group of individuals that exercise discretionary authority or control over fund management or any authority or control over management, disposition, or administration of the Investment Fund assets.
3. "Investment Manager(s)" shall mean any individual or group of individuals employed to manage the investments of all or part of the Investment Fund portfolio.
4. "Investment Management Consultant/Financial Advisor" shall mean any individual or organization employed to provide advisory services including advice on investment objectives and/or asset allocation, manager search, and performance monitoring.

Authority

This policy shall serve as a guide for making investments as indicated, subject to change by the WSPTA board of directors, through the CFC, and the executive director as supervisory, where, in its opinion, the best interests of the WSPTA and its members may be served and better results may be obtained.

Appendix N: Electronic Voting Best Practices

Washington State PTA Board of Directors

Purpose

This policy contains best practices for mail, email, electronic voting by members of a local PTA or council.

Standing Rules

- Standing rules shall specify whether member voting by mail, email, or electronic transmission is a regular practice or only to be used in certain circumstances.
- Standing rules shall include specific instructions on voting by mail and electronic transmission or shall refer to a policy document containing specific instructions.
- Standing rules shall be approved by the PTA membership prior to soliciting voter information on the membership form.

Membership Registration Form

- The membership form should collect both a physical mailing address and email address for each member and must note that this information may be used for voting purposes.
- Each member must supply a unique email address.
- Washington State PTA supports appropriate use of public resources. Taxpayer-funded email address, such as those ending in .gov or .edu should not be used for voting.
- Provide members with the choice to opt out of mail, email, or electronic voting.

Budget

The budget must be amended to include any costs associated with mail, email, or electronic voting, including (but not limited to): postage, paper and printing, mailing labels, envelopes, and the cost of online voting tools.

Tellers Committee

The president shall appoint a tellers committee to count votes. Extra care is necessary concerning the confidentiality of electronic votes.

- WSPTA recommends tellers sign a non-disclosure agreement stating that they will keep all details of voting confidential, except for the final report provided to the president.
- The tellers committee must verify that each ballot is from a paid member.
- Tellers must count votes and must also confirm quorum.
 - Each completed ballot counts toward quorum.
 - Blank ballots may count toward quorum. A blank ballot is similar to an abstaining vote.
 - If a ballot is unreadable, or is in any way ambiguous, it may count toward quorum but not as a vote.

- The tellers report will be added to the minutes of the membership meeting at which the election was initiated. The meeting will officially adjourn upon receipt of this report.
- Once minutes of the election have been approved, all ballots shall be destroyed by the tellers committee, and all electronic member communications containing ballots shall be permanently deleted.

Election of Nominating Committee or Officers

Elections require a two-step process:

1. A notice to self-declare candidacy must go out to all members, with a clear deadline for submission. For an officer election, this notice shall be sent after the *WSPTA Nominating Committee Report* is posted, and the report shall be included with this notice.
2. A ballot is sent to all members that includes the *WSPTA Nominating Committee Report* (for officer elections) and the names of all self-declared nominees that meet eligibility requirements.

Adoption of Budget, Standing Rules, and Motions

For the approval of a budget or amendments to the budget, standing rules or amendments to standing rules, or other motions, the following must be included with the ballot:

- The full text of a motion must be included. This motion should come from the board of directors or the appropriate committee.
- If the motion refers to a document, the full text and content of the document to be approved, with any notes or rationale, should be included. If the ballot is sent electronically, the document must be in a format that is easily accessed from most computers or mobile devices.

There is no opportunity to amend a motion or a document when voting by mail, email, or electronic tools. Voting instructions must be included with the ballot, clearly stating what constitutes a valid vote and what does not. Votes that stipulate changes be made to the motion or document shall be declared invalid, although they may be used to establish quorum.

Voting by Mail

Ballots returned by mail shall utilize a return envelope, provided by the PTA, that is stamped, addressed, and which contains the member identification number on the outside of the envelope, rather than on the ballot. Ballots not returned in the provided envelope are unverifiable and shall be disqualified.

All PTA members in good standing shall be mailed a paper ballot, unless the member opted out. The ballot shall include a stamped, addressed return envelope, and the ballot deadline shall be clearly identified. Only one ballot may be returned per envelope.

When voting by mail (may also include voting at a physical polling place/meeting):

1. The notice of election must include:
 - Date, time, and place of meeting.
 - Announcement of all voting methods being utilized.
 - Date that ballots will be mailed to members in good standing.
 - Deadline for return of ballots.
2. The same paper ballot shall be utilized at both the polling place (meeting) and by mail.
3. All ballots mailed to members in good standing shall include a brief description of the voting procedure and the ballot return deadline.
4. For election of nominating committee or officers (two-step process): the first mailing includes the full nominating committee report (for officer elections) and/or provides the opportunity for self-declared nominations. This mailing shall also include eligibility requirements for election. The second mailing includes the full list of nominees, including all self-declared nominees who meet eligibility requirements, and the ballot.
5. A record of all members casting a ballot at the physical polling place (meeting) shall be established by the tellers committee and kept as part of the record of election.
6. The tellers committee shall tally and record the total votes cast at the physical polling place (meeting).
 - Ballot results are confidential until all voting concludes, and a final tally is reported.
 - All ballots shall be retained until election minutes are approved.
7. The tellers committee shall review each ballot returned by mail to ascertain:
 - The ballot was cast by a member in good standing.
 - Voter intent is clearly recognized and understood.
 - Spoiled or unreadable ballots are disqualified (but may be counted for the purpose of determining quorum).
 - Under votes (where no candidate is selected) are counted toward quorum.
 - Over votes (ballots with more than the valid number of candidates selected for a position) are disqualified (but are counted toward quorum).
 - The ballot was received by the voting deadline. Ballots should be date-stamped when received.
8. Ballots received after the postmark deadline shall not be counted nor used to establish quorum.
9. The tellers committee shall create a record of all members casting a ballot by mail. This record shall be compared to the record of all members casting a ballot at the physical polling place (voting in person at a meeting).
10. Ballots received by mail from members who are on record as having voted in person shall be disqualified and not counted for purposes of the election or used to establish quorum.

Voting by Email

Email ballot notices shall be delivered to each PTA member in good standing who has consented to electronic voting and provided a unique email address. Members who have not provided written consent shall not be sent an email ballot.

1. When voting by email (may also include voting at a physical polling place/meeting) the notice of election must include:
 - Date, time, and place of meeting.
 - Announcement of all voting methods being utilized.

Appendix O: Guidelines for Development Opportunities – Nonprofit Communication Partnerships

Washington State PTA Board of Directors

Per [Section 8.6](#) of this policy document, nonprofit communication partnerships are designed to allow sharing of mission-aligned nonprofit programs or services to PTA members through WSPTA communication channels at the discretion of WSPTA. Programs and services shall be evaluated using a standardized checklist, at the discretion of the WSPTA board of directors. Nonprofit communication partners are determined to be beneficial to PTA members and represent a value-added proposition for both WSPTA and the nonprofit communication partner. Only mission-aligned 501(c)(3) nonprofits are eligible for review as a potential nonprofit communication partner. WSPTA shall evaluate the nonprofit communication partner with this standardized checklist:

- Does the work of the nonprofit align with the mission and vision of National PTA and WSPTA?
- Is the nonprofit statewide in reach and scope?
- Is the nonprofit mission supported by WSPTA resolutions, legislative priorities, legislative principles, etc.?
- Is there a cost to WSPTA, councils, or local PTAs associated with the work of the nonprofit?
- How much time will this relationship require of staff or WSPTA volunteers?
- Is the nonprofit well established, fiscally sound, well-staffed and self-sufficient?
- Is there a point of contact at the nonprofit?
- Will the nonprofit refrain from solicitation of monetary donations from WSPTA or local PTAs?
- Is the nonprofit programming sustainable (ongoing)?
- Is the nonprofit able to comply with applicable state and school district requirements such as volunteer background checks?
- If an educational service provider for youth and families, and where applicable, does the nonprofit programming approach or meet Schools Out Washington (SOWA) Quality Standards?
- Does the nonprofit educational programming meet Washington State Learning Standards, if applicable?
- Does the nonprofit educational programming comply with Common Core standards, if applicable?
- Would the nonprofit consider a co-branding of relevant digital promotional materials, as applicable?

Appendix P: Best Practices for Virtual and Hybrid Meetings

Local PTAs and Councils

Purpose

This policy contains best practices for virtual and hybrid meetings for local PTAs and councils.

Standing Rules

- Standing rules must be approved by the PTA membership and must specify whether virtual and/or hybrid meetings are allowed.
- Standing rules must include specific instructions on voting by mail and electronic transmission or refer to a policy document containing specific instructions.
- If a PTA decides to conduct electronic voting, an electronic voting policy must be developed that outlines the procedures. If no electronic voting will take place, that clause can be left out of the standing rules.
- Sample standing rule language:

Membership Meetings: Membership meetings may be held in-person or by remote communications where all participants may hear one another and participate fully.

Voting By Mail or Electronic Transmission: Voting may take place at a meeting, by mail, or by electronic transmission. If voting takes place by mail or electronic transmission the [enter name of PTA] must follow voting policy and procedures that align with Electronic Voting Best Practices in WSPTA Policy.

Board Meetings: Regular or special board meetings may be held in person or by remote communications where all participants may hear one another and participate fully.

What are virtual and hybrid meetings?

A **virtual meeting** (sometimes called remote) is a meeting where all attendees use digital technology to communicate and collaborate remotely without needing a physical presence in the same location. Participants can connect from anywhere with an internet connection and communicate through audio, video, or text, depending on the platform used.

A **hybrid meeting** combines elements of both in-person and virtual meetings where some attendees are physically present in the same location, and others join using digital technology. Hybrid requires your PTA to run mirror-image, simultaneous virtual and in-person meetings. Do not do anything in one meeting that cannot be done in the other.

NOTE: Hybrid does not mean live streaming. Virtual attendees are not simply there to listen. Virtual attendees must have equal opportunity to ask questions, make motions, vote, and otherwise participate in the meeting to the same degree as in-person attendees.

Benefits of virtual and hybrid meetings

There are many potential positives to virtual and hybrid meetings. These types of meetings can often remove barriers to participation and be more accessible for the community which may increase participation, allow for more diverse voices to be heard, and enables the PTA to share their relevance with a larger part of the community.

Considerations for virtual and hybrid meetings

Logistically, and legally, there are many important considerations to holding virtual and hybrid meetings.

- Properly running a virtual or hybrid meeting requires technology and facilitation.
- It is important to ensure all attendees have equal access to the meeting space and resources.
- Hybrid meetings must use remote technology where all in-person and virtual members have equal opportunity for participation, voice, and vote in the meeting. Three parts of hybrid technology:
 1. **Audio** – Whether you are using computer speakers, a speakerphone, or a microphone, all attendees must be able to hear and be heard.
 2. **Visual** – There are many ways that technology can assist with this aspect. It is important that your PTA seeks out what works best with your budget and meeting space. The important thing is that all attendees should be able to see each other when speaking so that everyone feels like they are part of the meeting. If a presentation is being shared on screen at the in-person meeting, can virtual attendees see it as well?
 3. **Participation** – Perhaps the most important and complicated aspect of hybrid meetings is participation. The law in Washington says:
“members not physically present may participate in the meeting substantially concurrently, vote on matters submitted to the members, pose questions, and make comments.” [RCW 24.03A.390](#)
This means that when a PTA holds a hybrid meeting, they must allow for both in-person and virtual attendees to participate equally in all aspects of the meeting; whatever technology you are using must allow for discussion and debate between all participants. If you will be voting, you must have a system that allows all participants to vote in the same way. If handouts are available at the meeting, like a treasurer report or agenda, make sure these handouts are also available in digital form for the virtual participants.
- The technology involved can be complicated and/or expensive, depending on the size of the group. Before making the decision to hold hybrid meetings, check your venue to see what technology is currently available. Sometimes the venue you use can provide computers, visual, and audio equipment. You also need to be aware of what kind of internet or cell signal is available to in-person attendees.
- If your venue does not have the means to support a hybrid meeting, your PTA may need to consider making some technology equipment purchases to support your hybrid meetings. It is important that you plan out what kinds of technology you will need and then get membership approval to add it to your budget.

- Access to internet and/or electronic devices is required.

Planning A Hybrid Meeting

Hybrid meetings require careful planning. When laying out your policies and starting to plan for hybrid meetings, keep in mind the following:

- **Agenda:** Create and publish the meeting agenda. Creating an agenda will help you figure out the parts of the meeting you need to plan out. Publishing the agenda ahead of time will help your members know what to expect during the meeting.
- **Technology:** What technology do you need to make sure all attendees are able to participate equally? This may take time to purchase and learn how to use new technology, so make sure you plan in advance. If you will be using technology provided by your venue, schedule a time to go and learn how to use and test the technology. Take detailed notes [that](#) you can refer to during the meeting. Find out if there is someone available to help troubleshoot technology problems during the meeting.
- **Process:** Determine how you will facilitate the following aspects of the hybrid meeting:
 - **Virtual Facilitator** – Ensures virtual attendees can see and be seen, hear and be heard, and participate.
 - **Tech Support Facilitator** – Must be comfortable using the virtual platform so they can assist individuals having trouble.
 - **Recognizing Speakers** (virtual and in-person) – Determine how you will recognize speakers and how you will alternate between in-person and virtual attendees. Ask everyone to identify themselves before speaking.
 - **Muting and Unmuting** – Determine how your attendees, both virtual and in-person, will be able to speak. If virtual attendees are muted, so should all in-person attendees. That means a good rule is that no one speaks unless recognized, both in-person or virtual alike.
 - **Cameras** - Successful hybrid events require everyone to see each other. If the in-person audience is on camera for the virtual audience to see, and your PTA is projecting or showing the virtual audience to the in-person audience, then ground rules should ask all virtual attendees to have their cameras on. This levels the playing field. Be sure to consider potential exceptions--a virtual attendee phones in, the device has no camera, the attendee is not alone and tuning the camera on invades another's privacy, for example—and clearly state them in the ground rules to set expectations.
 - **Attendee Engagement** – Attendee engagement is important, so plan for it and make sure everyone uses the same tool. Do not use one strategy at the in-person meeting and a different strategy for virtual attendees.
 - **Voting** – Remember, only members of the group that is meeting may vote. Determine how voters will be identified and what system you will use to vote (i.e. roll call, show of hands, voice vote, etc.). Be prepared for the need for a ballot vote and have a process pre-determined so in-person and virtual attendees use the same method.

- **Arrive Early:** Arrive at the venue early to ensure everything is set up and ready to go before the meeting is scheduled to start. You do not want your attendees waiting around for you to get things in place. It is important to start your meeting on time.
- **Troubleshooting/Backup Plan:** Have a backup plan. If technology fails, what will you do? If you are using a computer and it shuts down, do you have a backup computer? If you were not planning on voting or were planning on being able to vote by voice, but you need to switch to a ballot voice, do you have a way to hold a ballot vote that includes your virtual attendees?
- **Set Expectations:** At the start of your meeting explain your plan and set expectations. Walk your attendees through the process for discussion, debate, voting, and anything else you will be doing. Remember, attendees may have never attended a hybrid meeting before and explaining things up front puts everybody on the same page.

Appendix R: Guidance for Working with Scouting Organizations

Local PTAs and Councils

WSPTA considers the work done by youth-serving organizations to be of tremendous value. While WSPTA supports collaborating with civic youth groups for shared community projects as stated in WSPTA Policy Article 3, Section 3.12 Collaborating with Outside Organizations, local PTA units and councils must not sign charter or youth group sponsorship or renewal form(s) with the Boy Scouts of America (BSA).

Scouting units will occasionally ask a local PTA or council to be their charter organization because the BSA structure requires each scouting unit (cub scout packs, boy scout troops, etc.) to obtain an outside “Charter Organization” in order to operate. Under the BSA annual charter agreement, the charter organization, in this case your local PTA or council, would assume financial and operational oversight for the scouting unit according to BSA’s bylaws, rules and regulations, guidelines, policies. This presents the following risks and liabilities for a PTA:

- **Purpose Conflict:** The charter organization agrees to use Scouting to further the charter organization’s aims and values for youth, and to use the scouting program to accomplish objectives including youth character development, faith-based youth ministry, career skill development, community service, patriotism and military and veteran recognition. Furthermore, the Scouting program must be run consistent with BSA rules, regulations, and policies.
 - A PTA representative may not commit a local PTA or council to following the bylaws and regulations of BSA or other third-party associations. The purpose of PTA, as defined in the *WSPTA Uniform Bylaws* Article 1, Section 1, is also different from the purpose of Boy Scouts.
- **Insurance Coverage:** PTA insurance does not provide liability coverage for a PTA leader who is acting as a representative to the scouting council or other organization. Additionally, the insurance provided by BSA only covers approved scouting activities. If the Scout leader has Scouts participate in a non-approved activity, neither the BSA insurance nor the PTA insurance would cover the liability in case of an accident.
- **Financial Conflict:** Charter organizations are required to administer the assets of the BSA Unit, including all funds, real property, and personal property and to authorize the BSA unit to open a separate scouting bank account. A local PTA or council may not give their EIN to a third-party to open a bank account nor should banking transactions to be conducted by individuals who are not elected PTA officers and authorized signers.
- **Background Checks:** The BSA provides a criminal background check of all adult leaders, however, the charter organization is also required to review and sign off on each application, which creates a potential liability for your local PTA or council.

- **Facility Availability:** The charter organization is asked to secure safe facilities for the scouting unit to meet. Local PTAs or councils do not have their own facilities to guarantee meeting facilities. PTAs and councils may advocate for BSA and other non-profit youth-centered community groups to have the ability to reserve meeting space in school facilities.
- **Advertising Conflict:** Charter organizations are to coordinate with the local BSA council to provide annual recruitment opportunities to grow and publicize BSA. Your local PTA or council should not be advertising, fundraising, or recruiting for a third-party non-profit association as that does not align with PTA's mission or purpose.
